AIRWICK INDUSTRIES INC

PERFORMANCE SPECIFICATIONS

A-3 is a balanced formulation combining Airwick's true odor counteractants, a nonionic synthetic detergent, a quaternary ammonium compound, and an organic chelating agent . . . for effective cleaning, disinfecting and counteracting of odors in one labor-saving operation.

As a detergent—A-3's 100% active biodegradable detergent (a) loosens soil through superior wetting and penetrating action; (b) suspends insoluble matter in solution; and (c) emulsifies oil and grease. Low foaming A-3 leaves surfaces spot-free and film-free.

As a disinfectant—Used as directed (2 oz. per gallon or 1 to 64) A-3 provides 390 ppm effective germicide action further enhanced by an organic chelating agent that inactivates metallic ions. A-3 rapidly destroys a broad range of GRAM-POSITIVE and GRAM-NEGATIVE ORGANISMS. It kills mold and mildew on contact on hard surfaces when used according to directions. Where Pseudomonas action is desired dilute 3 oz./gal. (580 ppm).

As an odor counteractant—A-3 provides a residual air freshened effect through true odor counteraction.

Directions for use: General classification. It is a violation of federal law to use this product in a manner inconsistent with the label instructions.

Mix 2 oz. of A-3 with one gallon of water—hot or cold. Apply solution with mop, cloth, scrubber or sprayer. Remove solution and the entrapped soil with clean, wet mop or wet vacuum pickup.

STORAGE AND DISPOSAL:

Storage: Store at ambient temperature. Keep container tightly closed when not in use. Do not freeze. Do not mix with soaps and detergents.

Disposal: Do not reuse empty container. Triple rinse empty container with water and discard into trash collection.

Uses: A-3 is unequalled for washing hard surfaces such as porcelain, tile, glass, stainless steel, chrome, and does not damage washable painted, varnished or lacquered surfaces. Because A-3 rinses spot-free, it is particularly suitable for wood, linoleum, rubber, cork, vinyl and asphalt tile floors. Its mildness and superior rinsing qualities make it an excellent cleaner for marble and terrazzo.

PRECAUTIONARY STATEMENTS: HAZARD TO HUMANS AND DOMESTIC ANIMALS.

Warning: Causes eye or skin irritation. Do not get in eyes, or on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

First Aid: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call physician immediately.

Keep From Freezing.
