**Contains Optical Color Brighteners For All
Carpeting With Air Freshened Effect**

Bac-Tex is an excellent rug shampoo in concentrate form. It is an effective treatment for inhibiting the growth of microorganisms on any rug or carpet. In addition, Bac-Tex incorporates Airwick's famous air freshened effect. There is no "wet carpet odor" with Bac-Tex. Instead, the air smells clean, like the outdoors after a Spring rain.

Bac-Tex®

Bacteriostatic Rug Shampoo Concentrate

Active Ingredient:
5-chloro-2-(2,4-dichlorophenoxy) phenol 0.5%
Inert Ingredients 99.5%

Keep Out of Reach of Children

CAUTION

See other Cautions on back panel.

EPA Reg. No. 42964-9
EPA Est. No. 9405 NJ-1

Net Contents: One Gallon

117235

CAUTION: Avoid contamination of food. Harmful if swallowed. Avoid prolonged contact with skin. Avoid contact with eyes. If exposed, wash thoroughly with water; consult physician if irritation persists. Keep away from domestic animals.

STORAGE AND DISPOSAL:

Store at ambient temperature. Keep container closed. Do not reuse container. Triple rinse and put in trash collection.

Keep From Freezing

Directions: Vacuum carpet to remove dust and loose soil. Dilute with water at a ratio of 1:16, or 8 oz. of Bac-Tex in a gallon of water. Fill solution tank with diluted solution. Shampoo with circular, overlapping strokes without soaking the carpet. When dry, vacuum thoroughly.

Always test a small, hidden portion of the rug with a white cloth dampened in a 1:16 dilution of Bac-Tex for color fastness. Use only on color-fast carpet.
