[Faint, illegible text and markings]

A-33 Dry is a complete one-step disinfectant-cleaner-irradiate-fungicide-odor counteractant, which is effective in the presence of protein (5% blood serum) when used as directed.

A-33 Dry is a concentrated, premeasured detergent-disinfectant-odor counteractant. Its biodegradable, nonionic detergents and alkaline builders provide the wetting, penetrating, suspending and emulsifying action needed for even the most difficult soils. The low-foaming action leaves surfaces spot-free.

Odor control agents in A-33 Dry actually counteract odors to leave the area smelling fresh and clean. Airwick's famous air-freshened effect.

A-33 Dry is intended primarily as a heavy duty cleaner where positive disinfection and odor counteraction are required. It is unexcelled for cleaning nonporous hard surfaces such as porcelain, glass, tile, stainless steel, chrome, vinyl, linoleum, asphalt or rubber.

Directions For Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Prepare a fresh work solution daily or more frequently as required. Do not mix with other chemicals. One container (40 packets) makes 120 gallons of solution.

Disinfection:

For hospital disinfecting and cleaning of nonporous hard surfaces such as walls, tables, floors, bed frames, bathroom fixtures and other similar surfaces, dilute one packet per three gallons of warm water. Stir gently for a uniform solution. Apply solution with mop, cloth, scrubber or other suitable applicator, so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes. Remove solution and entrapped soil with a clean wet mop, cloth or wet vacuum pickup. For heavily soiled areas a precleaning step is required.

A-33 Dry provides approximately 450 ppm of one of the more potent combinations of germicides available.

Effective as:

Virucide: On environmental surfaces A-33 Dry kills viruses such as Influenza A₂ (Aichi), Parainfluenza 1 (Sendai), Herpes simplex Type II, Vaccinia, Canine Distemper and Feline Pneumonitis, in the presence of protein (5% blood serum).

Fungicide: Passes A O A C fungicidal test vs. Trichophyton mentagrophytes in the presence of protein (5% blood serum).

It is an effective fungicide when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc.

Other Organisms: A-33 Dry has been found to be an effective disinfectant against a broad spectrum of bacteria, both gram positive and gram negative organisms in the presence of protein (5% blood serum).

A O A C Use Dilution Confirmation Test:

- | | |
|------------------------------------|-------------------------------------|
| Salmonella choleraesuis ATCC#10708 | Escherichia coli ATCC#11229 |
| Staphylococcus aureus ATCC#6538 | Proteus vulgaris ATCC#3301 |
| Pseudomonas aeruginosa ATCC#15442 | Serratia marcescens ATCC#9301 |
| Pseudomonas cepacia ATCC#25608 | Shigella flexner Type II ATCC#25875 |
| | Klebsiella sp. ATCC#48308 |

PRECAUTIONARY STATEMENTS: HAZARD TO HUMANS AND DOMESTIC ANIMALS.

DANGER: Corrosive. Causes eye damage and severe skin irritation. Do not get loose powder in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Do not open packets, pour directly into bucket. Avoid breathing sprayed mist.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water, egg whites or plain solution. Call a physician immediately. **NOTE TO PHYSICIAN:** Possible mucosal damage may contraindicate the use of gastric lavage. Measure against circulatory shock, respiratory depression and convulsion may be needed.

STORAGE AND DISPOSAL

STORAGE: Store in cool dry place. Do not handle packets with wet hands. Do not remove packets before use.

DISPOSAL: Do not reuse container. Wrap container and place in trash collection.

For Sale to, Use and Storage by Maintenance, Housekeeping and Service Personnel Only.
