KEEP OUT OF THE REACH OF CHILDREN

1. The first part of the document is a letter from the author to the editor, dated 19th March 1964. The letter is signed 'J. H. H.' and is addressed to 'The Editor, The Times, London'. The letter is a short, polite note of thanks for the publication of the author's article in the Times.

[illegible]

This test should never be used only for the determination of a single endocrine-forming agent, but only for those that are responsible for a group. EPA recommends further toxicological products.

Do not contaminate water, food, or feed by storage or disposal.
Open dumping is prohibited.

Reseal container and offer for reconditioning, or pesticide spray mixture or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

Triple rinse (or equivalent) and offer for recycling, reconditioning, or disposal in approved landfill or bury in a safe place.

Consult Federal, State, or local authorities for approved alternative procedures
