

# SPECIMEN LABEL:

Bio-Guard Swimming Pool Algicide 28-10

This algicide is formulated to complement swimming pool water being treated with normal chlorine systems. It is especially effective against growth of algae and being non-volatile, aids in maintaining pool water clarity and sparkle. The residual effectiveness of this algicide tends to stabilize the total chemical treatment system.

This algicide is compatible with all chemicals normally used in swimming pool maintenance; however, in its concentrated form this chemical should not come into contact with high concentrations of chlorine. **DO NOT MIX THIS ALGICIDE AND CHLORINE TOGETHER** when adding to the pool. These chemicals should be handled separately.

This algicide is economical, efficient, stable.

### DIRECTIONS

For an initial application use one gallon of this algicide per 25,000 gallons of water. Use one quart per 50,000 gallons of water every fifth to seventh day depending on weather and use factors.

The initial dose is used when filling pool at beginning of swimming season and in a clean pool free of visible algae. If pool has visible algae growth, treat with initial dose. Vacuum pool after 24 hours to remove algae debris. If visible algae are still present or reappear, repeat this treatment procedure as necessary. When pool is free of algae, use recommended maintenance dose.

After each rain of consequence, add one quart per 50,000 gallons water. Even though the pool may not be in use for periods of time, algae growth should be controlled since a heavy accumulation of algae growth is difficult to remove. The appropriate amount of this algicide should be added by pouring directly into the pool. More rapid distribution will be achieved by pouring a 1/2 of the specified amount into several areas of the pool. Recirculation or swimming activity will assure rapid dispersion.

*Algicide 100*

ACCEPTED  
with COMMENTS  
by EPA on 11/14/68

No. 43159-3

### Active Ingredients:

Alkyl (C<sub>14</sub>, 58%; C<sub>16</sub>, 28%; C<sub>12</sub>, 14%)  
dimethyl benzyl ammonium chloride . . . . . 10%

Inert Ingredients: . . . . . 80%

**DANGER**

**KEEP OUT OF REACH OF CHILDREN**

(See first aid statement & other precautions on back panel.)

EPA Reg. No. 43159- EPA Est. No. 43159-1

Manufactured by:

Paragon Labs, Inc.  
5330 Prudence  
Houston, TX 77045

Net Contents:

(Ex.)  
55 gal.

**DANGER: Keep Out of Reach of Children.**  
Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Rinse empty container thoroughly with water and discard it.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water.

Apply this product only as specified on this label.

### TO DETERMINE POOL CAPACITY

**Rectangular Pools** -- Length times width times average depth (in feet) times 7.5 equals gallons

**Round and Oval Pools** -- Average diameter times average diameter times average depth (in feet) times 5.9 equals gallons

Pesticide Disposal

Pesticide, spray mixture, or rinse water that cannot be used according to label instructions, must be disposed of according to Federal or approved State procedures under Subtitle C of the Resource Conservation and Recovery Act.

Container Disposal

Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.

The heading "STORAGE AND DISPOSAL" must be of the same type size as the child hazard warning statement.

- d. Change your front panel referral statement to read "See additional precautions on side panel."
- e. Change the sentence on your left panel to read "This algicide is compatible with many chemicals normally used in swimming pool maintenance...."
- f. Change "Directions" to "Use Directions" or "Directions for Use."
- g. Include immediately below the heading "Use Directions" the following misuse statement: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- h. Change your side panel precautionary statement to read:

Precautionary Statements

Hazards to Humans and Domestic Animals

DANGER

- i. Change "First Aid" to "Statement of Practical Treatment."
- j. Revise your environmental hazard statement to read:

Environmental Hazards

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with a NPDES Permit. Do not contaminate water by cleaning of equipment or by disposing of wastes.
