

19 MAY 1988

Mr. Ralph E. Krolik  
Rek Chem Manufacturing Corporation  
121 Virginia NE.  
Albuquerque, NM 87108

Dear Mr. Krolik:

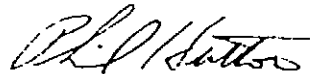

Subject: Rek Residual #4 Mill Spray  
EPA Registration No. 43196-15  
Your Letter Dated November 11, 1987

The labeling submitted in connection with registration of the product cited above under the Federal Insecticide, Fungicide, and Rodenticide Act is acceptable. A stamped copy is enclosed for your records.

At the next printing, or within 1-year, change the statement "Do not contaminate water by cleaning of equipment or disposal of wastes" to read "Do not contaminate water when disposing of equipment washwaters."

Enclosed please find a copy of the current Confidential Statement of Formula (CSF) form. This should be filled out and submitted to complete our files. Refer to the enclosed "Guide for Filling Out The Confidential Statement Of Formula Correctly."

Sincerely yours,

Phil Hutton  
Product Manager (17)  
Insecticide-Rodenticide Branch  
Registration Division (TS-767C)

To the user: If you cannot read English, do not use this product until the label has been fully explained to you.)

**KEEP OUT OF REACH OF CHILDREN**

**CAN BE USED IN NON-FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS.**

EPA Reg No. 43196-13

EPA Est. 43196-NM-1

### PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Avoid contact with eyes, skin or clothing. Avoid contamination of feed and food stuffs. Remove pets, birds, and cover fish aquariums before space spraying. Do not use on edible crops. Do not remain in treated areas. Ventilate the areas when treatment is complete.

Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils.

### STATEMENT OF PRACTICAL TREATMENT

If swallowed: Induce vomiting by sticking finger in back of throat or by administration of syrup of Ipecac. Get medical attention.

If in eyes: Flush with water for 15 minutes. Get medical attention if irritation develops or persists.

If on skin: Wash with plenty of soap and water. Get medical attention if irritation develops.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. **PHYSICAL AND CHEMICAL HAZARDS:** Do not apply this water-based product in conduits, motor buildings, junction and switch boxes or other electrical equipment because of a possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Do not store this water-base formulation at temperatures below 32°F (0°C).

**Container Disposal:** For Containers 1 Gallon and Under. Do not reuse empty container. Wrap container and place in trash collection.

**For Containers Over 1 Gallon:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State and Local procedures.

**INSTRUCTIONS FOR CONTACT, SPACE**  
around premises of commercial, industrial, preschools, nurseries, day camps, seed house, egg processing plants, supermarkets, rest, hospitals. In hospitals, patients should be removed from boxes and ship cargo holds. Also for use in food. Do not use on electrical equipment of

**SPACE SPRAY: FLYING INSECTS:** To kill moths (millers): Apply as a space spray. Fill spray tank with undiluted spray. Fill all doors and windows. Point nozzle upward to attract these insects. Keep the spray nozzle mist at the dosage of one fluid ounce per 1,000 sq ft for at least 15 minutes. Ventilate the room

**CONTACT SPRAY: CRAWLING INSECTS:** spiders, sowbugs, pillbugs, centipedes, millipedes, red flour beetles, sawtoothed grain beetle, Mediterranean flour moths, shiny spid. Apply as a contact spray. Fill spray tank with undiluted spray. Adjust pressure and nozzle to deliver a coarse mist in hiding places such as cracks, crevices, moist areas, other insect harborage areas. Apply spray in areas. Repeat as necessary.

**TO KILL WASPS, HORNETS, YELLOW JACKETS:** Apply liberally into hiding and breeding places, especially in attics.

**TO KILL SPIDERS (INCLUDING BLACK WIDOWS):** applications to the webbing and all cracks and crevices.

**TO KILL ANTS - INCLUDING FIRE ANTS:** Apply directly to hills contacting as many ants directly as possible.

**TO KILL BEDBUGS:** Apply as a spot treatment to thoroughly clean any air mattress and sofa cushions. Repeat as necessary. For persistent infestations, repeat as necessary.

**TO KILL FLEAS AND TICKS ON DOGS, CATS:** except scrotum and anus. Part hair to contact fleas. Apply until hair is thoroughly moist. Do not spray on face. To reduce reinfestation, thoroughly spray the dog at the rate of two seconds per linear foot (10 to 15 houses). Repeat as necessary, thoroughly spray the dog.

**RESIDUAL SPRAY:** Aids in the control of COCKROACHES, FLEAS, BOOKLICE, CENTIPEDES, EARWIGS, CRICKETS, WASPS, HORNETS, YELLOW JACKETS, and other insects. Apply to baseboards, cracks and crevices, window frames, cupboards in kitchens and bathrooms. In basements, apply a coarse wet spray in a 4 to 6 inch (10 to 15

feet) band around the perimeter of the room.

**PESTS OUT-OF-DOORS:** DO NOT TREAT TREES, EVERGREENS, ETC.) BECAUSE OF DAMAGE TO PLANTS.

**TO KILL HOUSE FLIES, MOSQUITOES, GROUND SQUABBES:** Spray resting areas to reduce annoyance from these pests. Spray these areas from surfaces to be treated. Spray these areas from a distance while moving away from the treated area to dissipate before occupying the treated area.

**WASPS, HORNETS, YELLOW JACKETS:** Apply in the evenings when insects are at rest. Aim spray at nest openings and contacting as many insects as possible.

**ANTS AND FLEAS:** Same as directed above.

**FIRE ANTS:** Kills and reduces annoyance from these pests. Spray patios, barbecue areas, driveways, etc. around pools and other areas where the ants are present. A treatment will not kill the colonies but will reduce the large areas of lawns.

**CRICKETS, SILVERFISH, EARWIGS, SPIDERS:** Apply above for indoor use.

Our recommendations for use of this product are based on the best information available at the time of the manufacturer, no guarantee, expressed or implied, is made in accordance with directions or established practices. From its misuse as such, or in combination with other products.
