

TERM OF ISSUANCE  
**Conditional**

**NOTICE OF PESTICIDE:** ☐ REGISTRATION  
☐ REREGISTRATION  
(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT  
**Sanex Magic Mist Insecticide I**

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Sanex Chemical, Inc.  
15 Webster Street  
North Tonawanda, NY 14120

3375466  
5284433

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 43227-67."
- b. Under Physical or Chemical Hazards, correct the sentence to read "Do not puncture or incinerate container." Also, correct the spelling of temperatures in that paragraph.

3. Submit the study on which the claims "Flame extension 40 CM" and "Flashpoint 177 °F" are based. Include full details of the test and identify the test substance.

4. We are accepting the basic formulation dated May 24, 1988 under this registration. We would consider the formula marked 2 of 2 further, provided you can document that properties and toxicity criteria for that formula are the same as those for the basic formulation.

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Precautionary Statement

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapours. Avoid contact with eyes, skin or clothing. In case of contact, immediately flush eyes and skin with plenty of water. Get medical attention if irritation persists.

Do not use in nurseries or rooms where infants, ill or aged persons are confined.

Foods or food processing equipment should be removed or covered during treatment. Do not apply while food processing is underway. All food processing surfaces should be thoroughly cleaned before using. Facilities and equipment in federally inspected meat and poultry plants must be washed with an effective cleaning compound followed by a potable water rinse after spraying.

Remove pets and birds, and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130 degrees F may cause bursting.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.

Disposal: "Do not contaminate water, food, or feed by storage or disposal." "Pesticide wastes are Toxic. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest E.P.A. Regional Office for guidance." "Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility." Wrap container and put in trash collection.

DIRECTIONS FOR USE

It is a violation to Federal law to use this product in a manner inconsistent with its labelling.

Sequential insecticide is designed for use in automatically-timed discharged devices. Using the metered valve provided, which gives a dosage of 55 mgs. per discharge every 15 minutes. One unit will control houseflies, mosquitoes, gnats and flying moths in an area of approximately 6,000 cubic feet. Factors such as shape of area, temperature, humidity and air currents all affect insect activity and may modify the exact area protected. Insect control will build up within 2 hours after unit is in operation.
