PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN & DOMESTIC ANIMALS:

CAUTION

Harmful if swallowed or inhaled. Avoid breathing mist. Avoid contact with eyes. In case of contact, immediately flush with plenty of water. Get medical attention if irritation persists. Wash hands with soap and water after use.

STATEMENT OF PRACTICAL TREATMENT:

If swallowed: Drink water - seek medical attention.

If on skin: Wash thoroughly with soap and water.

If in eyes: Flush with water for 15 minutes - seek medical attention.

If inhaled: Remove from exposure, give oxygen, or artificial respiration if needed.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, ponds, streams, tidal marshes, and estuaries. Do not contaminate water by cleaning of equipment or disposal of waste.

PHYSICAL & CHEMICAL HAZARDS

Extremely Flammable. Keep away from fire, sparks, heated surfaces, and open flame.

(SIDE PANEL #2)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DOGS and CATS: To kill fleas and ticks. Cover animal's eyes with hand and spray head, ears, and chest until damp. With fingertips, rub into face, around mouth, nose, and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired dogs, rub your hand against the lay of the hair. Make sure spray thoroughly wets ticks. Repeat treatment as needed.

PUPPIES and KITTENS: Treat same as cats and dogs, except nursing puppies and kittens. Spray only along animal's back, or on your fingers and rub into animal's fur.

PET'S SLEEPING QUARTERS: Spray around baseboards, windows, and local area of floors. If mosquitoes, gnats, or flies are present, spray lightly into air. Repeat as needed. The bedding should be sprayed, then replaced with fresh bedding for best results. Concurrent treatment of animals is recommended.

HORSES: To repel gnats, flies, and mosquitoes, spray enough to wet the surface of the hair. To control Stable Flies, Horse Flies, Deer Flies, and Face Flies, wet the hair thoroughly with the spray. Repeat treatment as needed.

AS DEODORANT: Spray animals and living quarters to combat unpleasant animal odors.

FOR VETERINARY USE ONLY

SOLD ONLY TO VETERINARIANS

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame. Do not allow to freeze. Do not contaminate food or feed.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.
