**ACTIVE INGREDIENT**

Poly(oxyethylene (dimethylamino) ethylene (dimethylamino) ethylene dichloride

20.0%

**INERT INGREDIENT**

80.0%

This product contains 1.74 active ingredients and weighs 8.69 lb. per gallon.

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

CAUTION: Irritant to eyes. May cause skin irritation. Avoid contact with skin. If contact occurs, wash thoroughly with water. Avoid contact with eyes. If contact occurs, flush eyes with water. Avoid contact with clothing. If contact occurs, wash thoroughly with water. Avoid contact with children. Age 12 and over.

**GENERAL CLASSIFICATION**

This product is classified as a low hazard product in a manner consistent with the following:

SPARKLE KLEEN is used to control the growth of algae in exterior spas and hot tubs. For maximum effectiveness, spas and hot tubs containing heavy growth of algae should be cleaned prior to using SPARKLE KLEEN.

For spas and hot tubs having past visible algae growth, add an initial dose of 30 to 50 fluid ounces of SPARKLE KLEEN per 1,000 gallons.

For treatment of a freshly cleaned and filled spa or hot tub, add initially 20 to 36 fluid ounces of SPARKLE KLEEN per 1,000 gallons.

To maintain spas and hot tubs free of visible algae growth, subsequent additions of 6.5 to 13 fluid ounces of SPARKLE KLEEN should be made every 5 to 7 days after the initial treatment.

SPARKLE KLEEN is compatible with those chemicals normally used to treat spas and hot tubs and effective at both acid and alkaline pH. SPARKLE KLEEN can be used in spas and hot tubs treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix SPARKLE KLEEN with concentrated dry chlorine.

Store in a cool, dry place. Do not use when not in use. Do not use in swimming pools. Do not use in hot tubs, spas, or swimming equipment. Do not use in areas where children play. Do not use in areas where children play. Do not use in areas where children play. Do not use in areas where children play.
