PRECAUTIONARY STATEMENTS

Hazards to Humans: Avoid contact with eyes, nose, mouth, and skin.

STORAGE AND DISPOSAL

Storage: Store in original container in a cool, dry place.

Disposal: Do not dump or pour contents into water, soil, or other bodies of water.

Do not dump or pour contents into water, soil, or other bodies of water.

Do not dump or pour contents into water, soil, or other bodies of water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply 4 to 20 pounds granules/acre with aircraft or ground equipment. Use the higher rates in heavily polluted water, when populations are high, when larvae are nearly grown or in fourth instar, and when aquatic or covering vegetation is dense. Most treatments require no more than 5 or 6 pounds/acre. Apply only when mosquitoes are larvae, not pupae.

Conditions:

For use in: Slow-moving waters
Water bodies with brush, water
plant, or other debris

Rates (pounds/acre):

4-7 1/2

For use in: Slow-moving water
Water bodies with brush, water
plant, or other debris

7 1/2-10

Always use in accordance with certain conditions such as sewage
waste, high pollution, or organic content. Heavy vegetation
may require higher rates. The above application rates may be reduced
