PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Richard Danoff
Aeraxon, Inc.
2125 Center Ave., Suite 507
Fort Lee, NJ 07024

JUN 5 2007

Dear Mr. Danoff:

Subject: Labeling Amendment; Additional Claims
Window Fly Killer
EPA Registration No. 43419-2
Submission Date: June 4, 2007

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following provision:

1. The label claim "New" is acceptable for up to six months of the date of this letter.

A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the referenced label, incorporating the above changes, before releasing the product for shipment. If you have any questions regarding this letter, please contact me (703) 306-0415.

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", with a long horizontal flourish extending to the right.

Kable Bo Davis
Entomologist
Insecticide-Rodenticide Branch
Registration Division (7505P)

Enclosure

Window Fly Killer

 JUN 5 2007

Under the Federal Insecticide,
 Fungicide, and Rodenticide Act,
 as amended, for the pesticide
 registered under EPA Reg. No.
43419-2

STOP: READ ENTIRE LABEL BEFORE USE

Precautionary Statements

Hazards to Humans & Domestic Animals

CAUTION

Keep out of reach of children. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

FIRST AID	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use on houseflies. Acroxon Window Fly Killer ("Sticker") is not approved for use on other types of flies. No release of insecticides or fumes into the air. The Sticker is a decorative window Sticker treated with a bait to control house flies. It is to be placed on the inside of a window. Houseflies are attracted to the surface where they come into contact with the active ingredient and are killed from ingesting the active ingredient. The dead houseflies do not stick to the surface. Dead flies should be removed by using a hand brush and disposing the flies in household garbage or by vacuum cleaning.

Do not allow children or pets to play with the Sticker. Place the Sticker out of reach of children. Remove the white front protective paper. Peel off the decorative window Sticker from the backing sheet. Place one Sticker per room in a window with the greatest sun exposure. For high infestations or quicker results, place a Sticker in each window within the room. Place the Sticker high on the inside of the windowpane. Once applied, keep the Sticker dry. Do not wipe the Sticker! Protect the Sticker against condensation moisture. Do not use on skylights.

Keep unused Sticker dry and frost-free in the original packaging. Keep outer container until the last Sticker is disposed. For maximum efficacy, replace Sticker every six months.

Storage and Disposal

Storage: Store in original containers in cool, dry place. Store out of reach of children.

Disposal: Securely wrap original container in several layers of newspaper and discard in trash.
