NET CONTENTS

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal law to use this pro-
duct in a manner inconsistent with its labeling.

FOR CLEANING

Lightly soiled areas - surfaces to be cleaned
should be mopped or brushed with a solution
containing 1 ounce of TC801 per gallon of wa-
ter. Rinse clean with fresh water.

Heavily soiled areas - mop or brush soiled sur-
face with a solution containing 2-3 ounces of
TC801 per gallon of water. Rinse cleaned sur-
face with fresh water.

GENERAL PURPOSE DISINFECTION

To disinfect walls, floors, and other hard non-
porous surfaces in homes, schools, restaurants,
recreation and other public areas mop or brush
with a fresh solution containing 1 ounce of
TC801 per gallon of water so as to maintain
thoroughly wetted surface for ten minutes. All
soiled surfaces must be pre-cleaned prior to dis-
infection (follow directions for cleaning). These
surfaces which may later come in contact with
food must be rinsed with clear water of drink-
ing quality. Do not reuse used solution.

To disinfect hard nonporous surfaces in locker
rooms, shower stalls, restrooms, and other
areas mop or brush with a fresh solution contain-
ing 1/2 ounce of TC801 per gallon of water so as to
maintain thoroughly wetted surface for ten
minutes. This solution will destroy fecal phy-
ton, interdigital, a causative agent of athlete's
foot. All soiled surfaces must be pre-cleaned
prior to disinfection (follow directions for
cleaning). Do not reuse used solution.

HOSPITAL DISINFECTION

To disinfect walls, floors, furniture and other
hard nonporous surfaces in hospitals and sur-
rounding areas mop or brush with a fresh solution
containing 2 ounces of TC801 per gallon of
water so as to maintain thoroughly wetted sur-
face for ten minutes. All soiled surfaces must
be pre-cleaned prior to disinfection. Follow di-
rections for cleaning. These surfaces that are
heavily soiled with blood, fecal material or exu-
dates should be thoroughly scrubbed with a so-
lution containing 2 ounces of TC801 per gallon
of water, and then rinsed with a fresh solution
containing 2 ounces of TC801 per gallon of
water before disinfection. Do not reuse used
solution. This product has not been tested for
effectiveness against Mycobacterium tuberculo-
sis and should not be relied upon when tubercu-
le is present. Do not reuse used solution.

DEODORIZATION

Pre-treat bathroom of bathroom areas per-
fume caps, 3 per cap. Food storage areas, can-
dles and other areas where obnoxious odors
may develop remove all garbage, refuse food
and other items. Pre-clean surfaces using pres-
sure water where possible before deodorizing.
To deodorize hard nonporous surfaces
thoroughly with a solution containing 2 ounces
of TC801 per gallon of water.
