Feather Glo® Bird Cage Defender®
- Protects caged birds from mites and lice for months
• Hangs on cage
• Helps deodorize cage

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Punch through clear poly seal where holes appear on flower design with a pencil or ball point pen. Using attached twist-tie, hang container on outside of cage with opening facing cage. For optimum effect, cover cage nightly. Replace Feather Glo Bird Cage Defender when slight odor of Paradichlorobenzene cannot be detected in morning when cage is uncovered. Clean cage weekly, or when needed, with soap and hot water.

Storage: Store only in original container in a cool, dry place inaccessible to children and pets. **Disposal:** Do not reuse empty container. Securely wrap in newspaper and discard in trash.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
WARNING: Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Causes eye, skin and respiratory tract irritation. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Do not allow birds to chew on container. Replace container if damaged.
Notice: California has determined that a chemical contained in this product causes cancer based on tests performed on laboratory animals.

First Aid
If Swallowed: Call a physician or poison control center. Do not induce vomiting or give anything by mouth to an unconscious person. Drink promptly a large quantity of water. Avoid alcohol. **If on Skin:** Wash with plenty of soap and water. If symptoms persist, get medical attention. **If in Eyes:** Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention. **Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.
