ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

APR 9 1989

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide  
registered under EPA Reg. No.

43576-4

BACK PANEL - Rich Health Pet Protector

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### SHAKE WELL BEFORE USE

##### To Control Fleas and Ticks on Pets:

Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is covered, including the legs and under body. While spraying, ruff the hair so that spray will penetrate to the skin. Make sure spray wets thoroughly. Do not spray into eyes or face. Repeat as necessary.

To control spinose ear ticks and ear mites, syringe the ears with a few drops of this solution so that it can penetrate the wax down to the surrounding tissues. Repeat treatment at 2 to 3 day intervals as necessary. For temporary protection from mosquitoes, eye gnats, biting flies and chiggers, apply to cover the surface of the hair. Repeat treatment as necessary when insects are troublesome.

##### On Premises:

To control fleas and brown dog ticks on premises: Thoroughly spray infested areas, pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, moldings, window and door frames, and localized areas of floor and floor covering. Fresh bedding should be placed in animals quarters following treatment. Concurrent treatment of animals is recommended. Repeat treatment as needed.

**STORAGE:** Store in original container in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat or open flame. Protect from freezing. **DISPOSAL:** Do not reuse empty container. Securely wrap container in several layers of newspaper and discard in trash collection.

#### PRECAUTIONARY STATEMENTS

##### Hazards to Humans & Domestic Animals

**CAUTION:** Harmful if swallowed or inhaled. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash skin with soap and water after using. Avoid spraying food or foodstuffs. Remove birds and cover fish aquariums before spraying.

#### STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Promptly drink one or two glasses of water and contact a physician or poison control center immediately. If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated. Contact a physician if needed. If On Skin: Immediately remove contaminated clothing and wash affected area with plenty of water. Contact a physician if irritation persists. Wash clothing prior to reuse. If In Eyes: Immediately flush eyes with plenty of water. Contact a physician if irritation persists.

Buyer assumes all risks of use, storage or handling of this material in strict accordance with directions given herewith.
