NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 43591-4.
3. Conduct a one year storage stability test (Series 63-17) at ambient warehouse conditions. In conjunction with the one year storage stability test, provide the corrosion characteristics (Series 63-20).
4. Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of

Buyer assumes all risks of use, storage, or handling of this product not in strict accordance with directions given herein.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Dog & Cat Indoor-Outdoor Repellent is a versatile repellent for puppies, dogs, kittens, and cats. Use indoors or out to keep dogs and cats away from forbidden areas. An aid in training dogs and cats to stay off of furniture and rugs or out of forbidden rooms. Keeps your pet or stray pets away from garbage cans, flower beds, patios, lawn furniture and trees.

595

INDOOR USE: To break your pet of undesirable habits such as sleeping on furniture and rugs or to keep him out of forbidden areas. Spray the object lightly with Dog & Cat Indoor-Outdoor Repellent until slightly moistened. Before spraying large areas of rugs, fabrics or plastics, test the effect of this product by treating a small, inconspicuous area. This product may stain or soften some fabrics or plastics. To avoid possible damage, spray a piece of cloth lightly and place it on the object or area to be protected. Repeat daily, or as necessary, until undesirable habit is broken.

For best results, Dog & Cat Indoor-Outdoor Repellent should be used together with consistent training. Scold your pet firmly every time he disobeys, and always praise him for good behavior.

OUTDOOR USE: To prevent your pet or stray animals from disturbing flower beds, areas of lawn, trees, shrubbery, fences and patio furniture. Spray area to be protected lightly every day or every other day with Dog & Cat Indoor-Outdoor Repellent. Reapply as often as necessary until undesirable habits are changed. Do not apply directly to foliage of shrubs or to ornamental, soft-bodied plants. Spray surrounding soil, or apply Dog & Cat Indoor-Outdoor Repellent to a piece of cloth and affix near area.

Stray animals are frequently attracted to areas where pets have soiled with feces or urine. To discourage repeat visits, remove any dropping, clean area, and mask any remaining odor with Dog & Cat Indoor-Outdoor Repellent. This product is not likely to break the established urination patterns of dogs or cats, unless it is used as a training aid (with verbal scolding for misbehavior).

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame. Store above 32° F in a place inaccessible to children and pets.

DISPOSAL: Securely wrap container in several layers of newspaper and discard in trash. Do not puncture or incinerate.
