**TECHNICAL DATA SHEET NO. 3**

**INTERSEPT®**

**A BACTERIOSTAT AND FUNGISTAT FOR EPOXY FLOORING, COATING, TILE  
AND GROUT PRODUCTS.**

**GENERAL INFORMATION**

Epoxies formulated with INTERSEPT for use in flooring and floor coating systems, wall, ceiling, and industrial coating systems, and tile and grout systems represent new technology in providing long-lasting protection against a broad spectrum of both gram-positive and gram-negative odor-causing bacteria as well as fungi. INTERSEPT is introduced into the epoxy system during formulation. Once formulated, there is no loss of efficacy due to washing or wear. The bacteriostatic and fungistatic properties are immediate on contact in the presence of moisture.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

This product is intended for use only in connection with manufacturing processes and is not intended to come into the hands of the general public except after incorporation into finished products, e.g., epoxy flooring and coating systems.

INTERSEPT is introduced during the formulation of the epoxy system at a level of 0.2-5%, based on the total weight of all the components of the flooring, coating, tile or grout system.
