Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is intended for use only in connection with manufacturing processes and is not intended to come into the hands of the general public except after incorporation into finished products, e.g., epoxy flooring systems. The proper use of the product in the manufacturing process and the types of products in the manufacturing process and the types of product into which it may be incorporated are described in greater detail in Technical Data Sheet No. 2 available from Chemmar Associates, Inc.

**BENEFITS**

Durable, broad-spectrum bacteriostat and fungistat for application to epoxy resin flooring systems. Treatment of epoxy flooring systems with Marstat PN will protect against deterioration from bacteria and fungi and thus encourages hygienic freshness. Protected flooring will resist odor and inhibit the growth of bacteria and molds.
