GENERAL INFORMATION

DIAZINON[®] PLANTER BOX SEED TREATER is a dust base agricultural insecticide especially formulated for seed treatment at planting time. When used as directed, this product aids in the protection of listed seeds and germinating seedlings from damage by seed corn beetles and seed corn maggots. This product is formulated with a non oil lubricant to help lubricate the planter box and assure a smooth, even seed flow to the furrow. **MEASURING SCOOP IS ENCLOSED.** One level scoop holds approximately 1 ounce of product.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Read all directions and use only as specified on this label. Treated seed must not be used for or mixed with food or animal feed, or processed for oil. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store excess treated seeds beyond planting time.

Planter Box Treatment:

CORN. Seed Corn Beetles: Use 3½ - 4½ ounces per 50 lb bag (7 - 9 oz./cwt.) as a dry mixture in the planter box.

CORN, PEAS, SOYBEANS, and BEANS (Lima, Snap, White, and Kidney) Seed Corn Maggots: Use 1¼ - 3½ oz. per bushel of seed as a dry mixture in the planter box.

FOR IMPROVED MIXING OF PRODUCT WITH SEED, it is recommended that the seed be premixed in a suitable container with the product, then transferred to the planter box. Similar results may be obtained by filling the planter box half full of seed, then adding half the required amount of product, followed by thorough mixing with a stick and finally, the second half of the seed and product, repeating the mixing. **DO NOT MIX WITH BARE HANDS.**

NOTE: Do not use on seed already treated with an insecticide except Malathion or Methoxychlor used for control of stored grain insects.

NOTICE-READ CAREFULLY

CONDITIONS OF SALE: Seller(s) offers this product for sale subject to, and buyer and all users are deemed to have accepted, the following conditions of sale and warranty which may only be varied by written agreement of a duly authorized representative of Seller(s).

WARRANTY LIMITATION: Seller(s) warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for use on the label subject to the inherent risks referred to below. Seller(s) makes no other express warranties. **THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY** and there are no warranties which extend beyond the description on the label hereof. **INHERENT RISKS:** The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with its use. Buyer assumes all risks associated with use or application of this product contrary to label instructions or resulting from extraordinary weather conditions.

LIMITATION OF LIABILITY: In no case shall Seller(s) be liable for special, indirect, or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater in amount than the purchase price of the product in respect of which such damages are claimed.
