**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
(AND DOMESTIC ANIMALS)
WARNING**

May be fatal if swallowed. **May be Absorbed Through Skin.** Do not breathe dust. Do not get in eyes, on skin, or on clothing. Causes eye and skin irritation. During exposure in seed treatment and loading operations, wear goggles, clean synthetic rubber gloves, protective clothing. Wash hands, arms, and face thoroughly with soap after handling and before eating or smoking. Routinely shower or bathe after work and wash work clothes with soap and hot water before reusing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water.

DIRECTIONS FOR USE:

It is a violation of State and Federal Law to use this product in a manner inconsistent with its labeling. Read all directions before using and use only as specified on this label.

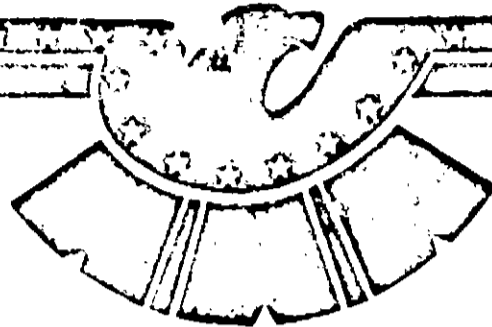

Applicators who apply this product manually or without the use of a closed-system treatment procedure must wear the following protective clothing during the application process: long-sleeved shirt, long pants, gloves, and a disposable, paper dust mask which covers at least one-third of the face. This product should be applied in a well-ventilated area.

Thoroughly mix the recommended amount of this product into the required amount of water for the slurry treatment equipment and dilution rate to be used. Clean equipment thoroughly between treating operations. Store all treated seed in a cool, dry place.

IMPORTANT: Treated seed must not be used for or mixed with food or animal feed, or processed for use. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store excess treated seeds beyond planting time. Seed commercially treated with this product must be labeled in accordance with all applicable requirements of the Federal Seed Act. Labels attached to treated seed in all States. Treated seed must not be used for or mixed with food or animal feed or processed for use.

Exposed treated seed may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water.

NOTE TO USER: The principal hazard to humans and domestic animals is from dust. Avoid breathing dust. Do not get dust on skin or clothing. Wash hands, arms, and face thoroughly with soap after handling and before eating or smoking. Routinely shower or bathe after work and wash work clothes with soap and hot water before reusing.

PRODUCT INFORMATION

LINDANE 25 WP SEED TREATER is a microfine wettable powder agricultural insecticide designed especially for the treatment of seeds against wire worms, seed corn maggots, and certain other soil-borne insects. It contains an effective binding agent to help hold the Lindane on the seeds during sacking, storing, and planting. It is designed for wet application through slurry treaters.

SEED TREATMENT DOSAGE RATES

TYPE OF SEED	OUNCES PER 100 POUNDS
