AGRICULTURAL PRODUCTS CO., GREELEY, CO 80632

-.!7 PRODUCT INFORMATION: PM 12

Copitally-likely yeavisher 300-20 DD is a liquid suspension especially formulated for the treatment of seed prior to storage and planting to protect seed from modes and other rungi causing storage loss and to protect seed from seed-borne and soll-borne fungi which cause seed decay, damping-off, and seeding blights. Also for protection of storad seed against Cadelle, confused flour beetle, flat grain beetle, granny weevil, lesser grain borer, red flour beetle, rice weevil, and saw-tooffed teetle. At the recommended dosage Captan-lifethoxychlor 300-20 DD is non-injutious to seedings and the germination of treated seed in frequently climulated, giving it superior result as compared to results from untreated seed. This product contains DOUGLE DYE as compared with Captan-lifethoxychlor 300-20 Flowable Seed Protectant for applications where an extra-bright red seed coloring is desired.

SEED TREATMENT DOSAGE RATES

Oz. per 100 lb.

The Following Table gives the amounts of this product to use on various seeds, in OUNCES per HUNDRED POUNDS of seed.

SEED	DOSAGE RATE
Afafa, Clover, Lespedeza, Trefol	7 t ce/100 h.
Bears (grap, dry, compeas)	24 5 pg (100 lb.
Beets (garden)	10 3 or /100 hrs.

SEED TREATMENT: DO NOT USE TREATED SEED FOR FOOD, FRED OR OH. FURPOSES. Treated seed should be labelled in accord with all the applicable requirements of the Federal Seed Act. The Federal Seed Act requires that seed treated with a pesticide must contain a dys which imparts an unnatural color to the seed if the seed is intended to be moved in interstate commerce. Labels attached to treated seed sust state, "Treated seed must not be used for food, feed or oil purposes." and "Exposed treated seed may b, hazardous to birds and other wildlife. In the svent that treated seeds are spilled and cannot be selvaged, completely cover them with soil sway from bodies of witer."

BEST AVAILABLE COPY

CAPTAN-METHOXYCHLOR 300-20 DD

DIRECTIONS FOR USE:

It is a violation of State and Federal Law to use this product in a manner inconsistant with its labeling.

Read all directions before using and use only as specified on this label.

STIR THOROUGHLY TO MIX CONTENTS BEFORE USING.

FOR SILDRY TREATMENT, apply in a slurry-type treater specifically designed and approved for that purpose or apply by hand in any suitable mixing equipment, such as home made rotary drums.

Thoroughly mix the recommended amount of this product into the required amount of water for the slurry treater equipment and dilution rate to be used. Clean equipment thoroughly between treating operations.

Only seed of high germination with good vigor should be treated with this product. Foor seed may suffer greater injury. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Store treated seed in a dry place until planted so that excess so isture will evaporate. If seed is stacked when wet, heat may develop which could impair germination.

THOGSTAYT - Be cartain treated seeds are completely dry before sacking or storing.

STORE ALL TREATED SEED IN A COOL, DRY PLACE.

IMPORTANT: Treated seed must not be used for human consumption nor as animal feed. Bags containing treated seed should be labeled:

TREATED SEED

DO NOT USE FOR FEED, FOOD, OR OIL PURPOSES

STORAGE AND DISPOSAL

Be not contaminate water, lead, or lead by starrage or disposisi. Owen demains in problemal.

STORAGE protect from excessive heat. Store in a cool (temperature below 85°P/29°C), dry, well ventilated area away from filamable materials and sources of heat or flame. Store away from foodstuffs or suimel feed in am area designated for pexticides. Exercise due caution to prevent damage to or leakage from the container. Store in original container only. Reep container tightly closed when not in use.

PERTICIBE DISPOSAL: Pesticide wastes are acutely hazardous: Improper disposal of excess pesticides, spray mixture, or rimate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Redonal Office for guidance.

CONTAINER DISPOSAL: Metal containers - Triple rines (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

NOTICE-READ CAREFULLY
