*Diazinon registered trademark of CIBA GEIGY Corporation.

100.00%

U. S. Patent No. 2,754,243

(Contains non-oil lubricant)

KEEP OUT OF THE REACH OF CHILDREN

WARNING

Statement of Practical Treatment

IF SWALLOWED - Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth.

IF ON SKIN: Wash the affected area with soap and warm water.

IF IN EYES: Flush eyes with plenty of running water.

Call a physician if irritation persists.

See side panel for additional precautionary statements.

GENERAL INFORMATION

THREE-WAY PLANTER BOX SEED TREATER is a dust base agricultural planter box treatment for protection of listed seeds against seed corn beetles, seed corn maggots, wireworms, and seed-borne and soil borne fungi which cause seed decay, damping-off, and seedling blights. This product is formulated with a non-oil lubricant to help lubricate the planter box and assure a smooth, even seed flow to the furrow. **MEASURING SCOOP IS ENCLOSED.** One level scoop holds approximately 1 oz. of product.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Read all directions and use only as specified on this label. Treated seeds must not be used for or mixed with food or animal feed, or processed for oil. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store excess treated seeds beyond planting time.

Planter Box Treatment:

Beans, Corn, Peas, Sorghum, Soybeans - Use 2 1/2 - 3 1/2 ounces per bushel of seed as a dry mixture in the planter box as a seed treatment prior to planting.

FOR IMPROVED MIXING OF PRODUCT WITH SEED, it is recommended that the seed be pre-mixed in a suitable container with the product, then transferred to the planter box. Similar results may be obtained by filling the planter box half full of seed, then adding half the required amount of product, followed by thorough mixing with a stick and finally, the second half of the seed and product, repeating the mixing. **DO NOT MIX WITH BARE HANDS.**

NOTE: Do not use on seed already treated with an insecticide except Malathion or Methoxychlor used for control of stored grain insects.

NOTICE--READ CAREFULLY

CONDITIONS OF SALE - Seller(s) offer(s) this product for sale subject to and buyer and all users are deemed to have accepted the following conditions of sale and warranty which may only be varied by written agreement of a duly authorized representative of Seller(s).

WARRANTY LIMITATION - Seller(s) warrant(s) that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for use on the label subject to the inherent risks referred to below. Seller(s) make(s) no other express warranties. **THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY** and there are no warranties which extend beyond the description on the label hereof.

INHERENT RISKS - The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with its use. Buyer assumes all risks associated with use or application of this product contrary to label instructions or resulting from extraordinary weather conditions.

LIMITATION OF LIABILITY - In no case shall Seller(s) be liable for special, indirect, or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater in amount than the purchase price of the product in respect of which such damages are claimed.
