IN CASE OF SKIN CONTACT: Wash the affected area with soap and warm water.

Causes eye irritation. Harmful if swallowed. Not to be inhaled through skin. Do not get on face, hair, or clothing. Wash face, hair, and clothing with soap and warm water after handling. Avoid inhaling spray mist. Do not use in or near food or feed.

During commercial application, use of treatment and loading operations wear goggles, earplugs, and ear muffs. Do not use in or near food or feed. Do not use in or near food or feed. Do not use in or near food or feed. Do not use in or near food or feed.

Wash hands, arms, and face thoroughly with soap and water after handling and before eating or smoking. Routinely shower or bathe after work and wash all clothing with soap and hot water before reusing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of State and Federal Law to use this product in a manner inconsistent with its labeling.

Read all directions before using, and use only as specified on this label.

DIRECTIONS: Thoroughly mix the recommended amount of **Captan 300-DD Flowable Seed Protectant** into the required amount of water for the desired treating equipment and dilution rate to be used. Clean equipment thoroughly between treating operations.

IMPORTANT: Treated seed must not be used for human consumption nor as animal feed. Bags containing treated seed must be clearly labeled.

TREATED SEED

DO NOT USE FOR FEED, FOOD, OR OIL PURPOSES

THE Federal Government and some States have issued regulations for the application of special tags or labels to be affixed to bags containing treated seed.

Dispose of excess treated seed by burial.

Captain 300-DD Flowable Seed Protectant is a liquid suspension especially formulated for the treatment of seed prior to storage and planting to protect seed from molds and other fungi causing storage losses and to protect seed from seed-borne and soil-borne fungi which cause seed decay, damping-off, and seedling blight. At the recommended dosage, **Captain 300-DD Flowable Seed Protectant** is non-injurious to seeds or seedlings, and the germination of treated seed is frequently stimulated, giving a superior result as compared to results from untreated seeds. This product contains **DOUBLE DYE** as compared with **Captain 300-DD Flowable Seed Protectant**, for applications where an extra bright red seed coloring is desired.

NOTICE-READ CAREFULLY

CONDITIONS OF SALE - The undersigned hereby certifies that the above described property is being sold to the purchaser for cash and that the purchase price has been paid in full. The undersigned further certifies that the above described property is being sold to the purchaser for cash and that the purchase price has been paid in full. The undersigned further certifies that the above described property is being sold to the purchaser for cash and that the purchase price has been paid in full.

WARRANTY LIMITATION The above warranty is limited to the original purchaser of the product and is void if the product is resold, transferred, or otherwise disposed of. The warranty is also void if the product is used for any purpose other than that intended by the manufacturer.

OF MERCHANTABILITY THERE IS NO IMPLIED WARRANTY

INHERENT RISKS The structure of the contract may create a conflict of interest between the parties. For example, the design-build contract may be awarded with its cost. Buyer assumes all risk of cost overruns. The design-build contract may be awarded on a fixed fee basis. In this case, the contractor bears the risk of cost overruns. The design-build contract may be awarded on a cost-plus basis. In this case, the buyer bears the risk of cost overruns. The design-build contract may be awarded on a lump sum basis. In this case, the contractor bears the risk of cost overruns.

LIMITATION OF LIABILITY: The user shall not be liable for any indirect, consequential, or punitive damages resulting from the use, installation, or production of the product, nor shall the provider or attorney that the user has procured for the product be responsible for such damages in any way.
