

**F. CAUTIONARY STATEMENTS
HAZARDS TO HUMANS
(AND DOMESTIC ANIMALS)
CAUTION**

May be harmful if swallowed. Do not take internally. Avoid eye contact. Flush contaminated eyes with plenty of water and get medical attention if irritation persists. Wash thoroughly after handling. Wash contaminated clothing before reuse. Keep away from food, feedstuffs, and domestic water supplies. Keep children and pets off treated areas until this product is washed into the soil and grass is dry.

NOTE TO PHYSICIAN: Active ingredient is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is antidotal.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

43789-86

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

- 1. PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.
- 2. CONTAINER DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.

DURSBAN* 1/2% GRANULAR

Controls Chinch Bugs, Sod Webworms (Lawn Moths), Ants, Brown Dog Ticks, Crickets, Cutworms, Earwigs, Sowbugs (Pillbugs), Certain White Grubs, and Hyperodes (Turfgrass) Weevils Infesting Home Lawns and Other Ornamental Turf Areas.

ACTIVE INGREDIENTS

Chlorpyrifos [O,O-diethyl O-(3,5,6-trichloro-2-pyridyl) phosphorothioate]* 0.5%

INERT INGREDIENTS: 99.5%
100.0%

*Registered Trademark - The Dow Chemical Company

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. Do not induce vomiting. Vomiting may cause aspiration pneumonia.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth.

IF ON SKIN: Wash the affected area with soap and warm water.

IF IN EYES: Immediately flush eyes with running water for at least 15 minutes. Call a Physician.

See side panel for additional precautionary statements.

USE D

Apply this product uniformly to recreational turf grass areas using a broadcast or rotary type spreader designed for this purpose. Treat when insects first appear. Use 5 to 10 pounds per acre. To help obtain maximum control, apply a required amount of product in a right angle. Immediately after application, apply 1 to 2 gallons of water per acre so as to wash the product into the soil. Consult the label for insect infestation. Consult the label for application of this product and water needed. Water needed is necessary.

RATE

Area to be Treated	Pounds of Product to be Applied
1,000 sq ft.	5
5,000 sq ft.	25
10,700 sq ft.	50

To control certain white grubs (Japanese Beetle) use two to three times the amount shown in the table (i.e. use 10 to 30 granules uniformly over the area). Follow up treatments by thorough watering to wash the product into the soil. Results treat when grubs are young. Consult your local Agricultural Extension Specialist for more information.

To control hyperodes (Turfgrass Weevils) use the amount of product as shown in the table. Apply in mid-May. Consult your local Agricultural Extension Specialist for best time to treat in your area.

NOTICE

CONDITIONS OF SALE: Seller warrants that the product is as described to, and buyer and all users are bound by the conditions of sale and warranty printed on the product. No other agreement of a duly authorized agent of the seller.

WARRANTY LIMITATION: Seller warrants that the product conforms to the chemical description and is suitable for the purposes referred to in the label. There is no warranty as to the inherent risks referred to in the label. THERE IS NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE INHERENT RISKS REFERRED TO IN THE LABEL. THERE IS NO CHANTABILITY and there are no warranties on the label hereof.

INHERENT RISKS: The directions on the label are to be reliable and should be followed to eliminate all risks associated with use or application of the product or resulting from extraordinary conditions. **LIMITATION OF LIABILITY:** In no event shall the seller be liable for special, indirect, or consequential damages of this product and no claim of damages shall be made in excess of the purchase price of the product. No other claims are claimed.

USE DIRECTIONS

Apply this product uniformly to home lawns and other ornamental and recreational turf areas using any kind of power-operated gravity or rotary type spreader designed for application of granular materials. Treat when insects first appear using the product at the rate of 200 pounds per acre. To help obtain uniform distribution, apply one-half the required amount of product in one direction, then apply the balance at a right angle. Immediately after application, sprinkle the turf with 1,000 gallons of water per acre so as to wash the granules into the zone of insect infestation. Consult the following table to determine amounts of this product and water needed for smaller sized areas. Re-treat as necessary.

RATES TO USE

Area to be Treated	Pounds of This Product to Use	Gallons of Water to Sprinkle on Turf after Treatment
1,000 sq ft	5	30
5,000 sq ft	25	150
10,700 sq ft	50	325

To control certain white grubs (larvae of European chafer and Japanese Beetle) use two to four times the amount of this product shown in the table (i.e. use 10 to 20 lbs per 1,000 sq ft). Apply the granules uniformly over the areas to be treated followed immediately by thorough watering to wash the insecticide into the turf. For best results, treat when grubs are young and actively feeding near the soil surface, usually during later July and August. Consult your local Agricultural Extension Specialist for proper time to treat in your area.

To control hyperodes (Turfgrass) weevils use twice the rate of this product as shown in the table. Treat problem areas in mid-April and again in mid-May. Consult your local Agricultural Extension Specialist for best time to treat in your area.

NOTICE — READ CAREFULLY

CONDITIONS OF SALE: Seller(s) offer(s) this product for sale subject to, and buyer and all users are deemed to have accepted, the following conditions of sale and warranty which may only be varied by written agreement of a duly authorized representative of Seller(s).

WARRANTY LIMITATION: Seller(s) warrant(s) that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the directions for use on the label subject to the inherent risks referred to below. Seller(s) make(s) no other express warranties. **THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY** and there are no warranties which extend beyond the description on the label hereof.

INHERENT RISKS: The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with its use. Buyer assumes all risks associated with use or application of this product contrary to label instructions or resulting from extraordinary weather conditions.

LIMITATION OF LIABILITY: In no case shall Seller(s) be liable for special, indirect, or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater in amount than the purchase price of the product in respect of which such damages are claimed.
