OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

MAY 31 1991

Mr. Paul A. Keane
Zobebe Industrie Chimiche SPA
c/o Keane and Associates
7 East Chestnut
Chicago, IL 60611

Subject: Label Revision
Spira Air-o-Mat
EPA Registration No. 43917-1
Further review of submissions
of March 7 and 19, 1991

Dear Mr. Keane:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

1. Delete - "Allyl homolog of Cinerin 1" - from the ingredient statement. It no longer accurately reflects the allethrin in this formulation.
2. Revise the statement to read - "Do not cover the plugged-in heater or place it in contact with any flammable materials such as furniture, drapes or curtains".
3. Replace - "Do not allow the product to come into contact with food, drinks or kitchen utensils" - with - "Do not use around food".

Sincerely,

A handwritten signature in dark ink, appearing to read "R. F. Mountfort".

Richard F. Mountfort
Product Manager 13
Insecticide & Rodenticide Branch
Registration Division (H7505C)

DIRECTIONS FOR USE

NOTE: It is a violation of federal law to use this product in a manner inconsistent with its labelling.

TO USE: Remove one mat from its protective wrapping and slide in under grill on top of ceramic plate before plugging in unit. Plug unit directly into standard household wall outlet or UL approved extension cord for one hour before sleeping quarters are to be occupied and then disconnect. Mat may be left in place and used repeatedly until blue indicator color changes to white showing that mat has been used up. Then slip in a fresh mat, pushing out the old mat with the new one.

FOR BEST RESULTS: Use one unit for each 1,200 cu. ft. of space (approximately 10'x 14' x 9')

STORAGE: Store unopened mats in a cool dry place, out of the reach of children.

DISPOSAL: Wrap used mats and discard in trash. Do not re-use spent mats.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: KEEP OUT OF THE REACH OF CHILDREN

PHYSICAL OR CHEMICAL HAZARDS

Use only with voltage shown on bottom of appliance. Plug directly into standard household wall unit. Do not cover the plugged in heater or place it in contact with any flammable materials. With mat in place the ceramic plate of working device may reach 162 F.

Do not pry open or probe into appliance with any instrument or tools. Do not handle with wet hands. Do not allow the product to come into contact with food, drinks or kitchen utensils. Do not use in rooms while people are sleeping; plug in for one hour before sleeping and then disconnect.
