NOTE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL: DO NOT RE-USE EMPTY ENVELOPES. Wrap and place in trash collection. Do not incinerate. Used stands, if kept for further use, must be stored out of reach of children and pets.

For best results—place one coil about every 8–10 feet (2–3m) around perimeter of area to be protected. Most effective in semi-confined outdoor sites such as porches, patios, open gazebos, pavilions, shelter-halves, lean-to's in lee of wind direction. Duration and results are affected by airflow and breeze. Save the stands after use to permit burning more coils with future packages.

PRECAUTIONARY STATEMENTS
 HAZARDOUS TO HUMANS & DOMESTIC ANIMALS
CAUTION—For outdoor use only. Do not use indoors or in restaurants or in unventilated places. Cover exposed food to avoid contamination. Do not place in direct contact with flammable objects, materials or surfaces. Avoid prolonged inhalation. Do not touch glowing end.

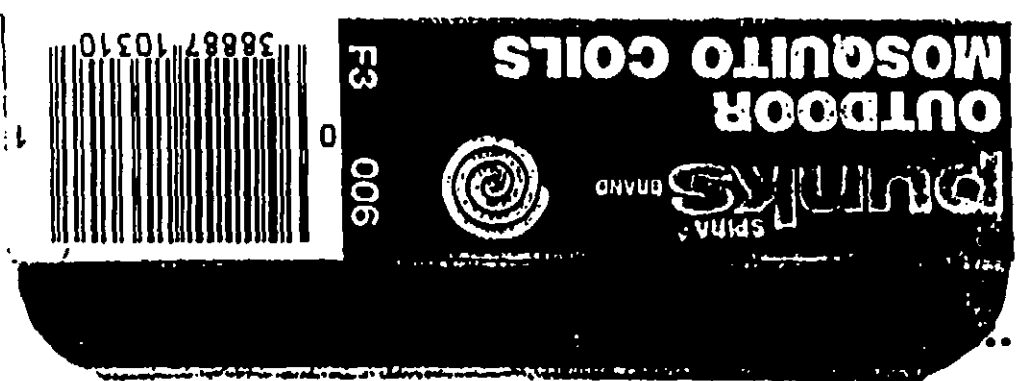

Also at your dealer now—world famous Zobelle products—now in America!
