NCTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to it's use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/-reregistration of your product under FIFRA section 3(c)(5) or 4 when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Add the phrase, "EPA Registration No. 43917-3" to your label before you release the product for shipment.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

DIRECTIONS FOR USE

NOTE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL: DO NOT RE-USE EMPTY ENVELOPES. Wrap and place in trash collection. Do not incinerate. Used stands, if kept for further use, must be stored out of reach of children and pets.

For best results - place one coil about every 8-10 feet (2-3m) around perimeter of area to be protected. Most effective in semi-confined outdoor sites such as porches, patios, open gazebos, pavilions, shelter-halves, lean-to's in lee of wind direction. Duration and results are affected by airflow and breeze. Save the stands after use to permit burning more coils with future packages.

|				
Gently flex interlocked coils to separate.	Bend tab straight up.	Firmly insert stand tab into coil slot.	Hold match to coil end until ignited. Blow out flame.	Broken pieces may be used as shown.

**PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION - For outdoor use only. Do not use indoors or in tents, shanties or in unventilated places. Cover exposed food to avoid contamination. Do not place in direct contact with flammable objects, materials or surfaces. Avoid prolonged inhalation. Harmful if swallowed. Do not touch glowing end.
