NOTIFICATION

MAY 18 2001

DIRECTIONS FOR USE

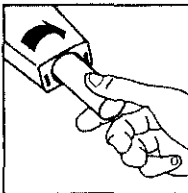

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

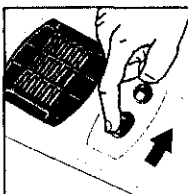

- 1** Remove one ThermaCELL® Mosquito Repellent mat from wrapper. One mat lasts up to 4 hours. Mat turns from pale blue to white when active ingredient has been exhausted.

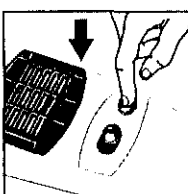

- 2** Make sure the 'ON/OFF' switch on the appliance is in the 'OFF' position. Insert the mat under the appliance's black grill. To change mats, slide the 'ON/OFF' switch to 'OFF' and allow the appliance to cool completely. Push the used mat out by inserting a fresh one.

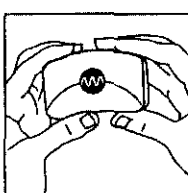

- 3** Remove the appliance cover and butane cartridge cap.

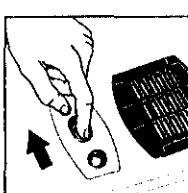

- 4** Screw the cartridge into the opening of the appliance. Make sure the cartridge is fully inserted by turning it clockwise until it stops. Replace the appliance cover. One ThermaCELL® butane cartridge lasts 8 to 12 hours. If your appliance fails to heat, it may be out of fuel. Check the fuel level by holding the appliance vertically and looking at the fuel gauge on the bottom. You can see the amount of butane in the cartridge. Replace if empty.

- 5** Slide the 'ON/OFF' switch to the 'ON' position; the butane gas will now begin to flow.

- 6** Wait approximately 5-10 seconds then depress the start button three to five times in rapid succession.

- 7** To verify the appliance is operating, pick it up and check the lens on the end of the appliance. The light at the end of the appliance glows when the appliance is heating. If this light is not glowing, check to make sure the appliance is 'ON' and the cartridge is completely screwed into place; then once again depress the start button three to five times in rapid succession. Check to make sure the light is glowing.

- 8** Place the appliance on a flat, stable area with the grill side facing up. Do not touch the grill; it will be hot after a couple of minutes. When finished using appliance, slide the 'ON/OFF' switch to the 'OFF' position, and allow the appliance to cool completely. Appliance is now ready for storage.

For best results, allow 10 to 30 minutes, depending on area, for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios and yards. Use one device per each 225 square feet (an area 15' x 15') or 15 feet in diameter. Use more devices in larger areas. Heat or humidity may affect the performance of this product. Appliance and mat effectiveness may be diminished if exposed to rain.

STORAGE AND DISPOSAL:

Storage: Store unused mats in original packaging in a cool dry place inaccessible to children and pets.

Store appliance and butane cartridge in a cool, dry place away from sources of heat.

Disposal:

Do not reuse empty envelopes. Wrap used mats and butane cartridges and place in trash. Do not incinerate cartridges.

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION:

For outdoor use as an insect repellent only. Do not use indoors, in tents or any enclosed area. Harmful if inhaled. Avoid breathing vapors. Do not touch the grill while the appliance is in use. The grill is hot while in use. Do not insert anything other than ThermaCELL® Repellent mats in the appliance.

PHYSICAL AND CHEMICAL HAZARDS

Place appliance on a flat, stable surface with the grill facing upward. Do not cover with any material while in use. Clean with a damp cloth only when the appliance is cool and inactive. Cartridge contains flammable butane. Do not use near fire or flame. Do not allow mats to come into contact with other substances. Cartridge contains pressurized butane. Protect the butane cartridges from sunlight. Do not expose them to temperatures above 120°F (50°C). Do not pierce, break or incinerate butane cartridges, even after use. Butane cartridges other than ThermaCELL® cartridges will not work in this appliance. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

FIRST AID

If inhaled: Move person to fresh air. If not breathing, apply artificial respiration, preferably mouth-to-mouth. Get medical attention.

Mosquito Repellent

Also Repels Biting Flies

Dear Ms. Hobgood:

Subject: Zobele Industrie Chimiche S.p.A.
Spira Area Mosquito Repellent
EPA Reg. No. 43917-7

On behalf of its client **Zobele Industrie Chimiche S.p.A.**, Keane International Marketing, Inc. is submitting the attached documents as a notification of label revision. Keane International will act as sole agent in this endeavor.

Attached are the following:

1. Application for Pesticide: Other
2. One **Reference Label**
3. Two copies of final printed labeling

All label revisions are clearly identified on the **Reference Label**. These revisions affect only our customer (subregistrant) *The Schawbel Corporation* and their labeling. In addition, these selling copy and graphics revisions affect only the outer packaging (box). No other label elements (mat, appliance and insert) are affected.

These revisions are being made to target the product toward fishing, hunting and camping recreational endeavors with a camouflage appliance.

Please contact me at (312) 664-4781 if you have any questions or require additional information.

Sincerely,

Paul A. Keane,
Authorized Agent
