Made and Printed in Italy
Mats Made in Italy

Protected by one or more of the following U.S. Patents: 5,700,430; D300,606; D423,071; 6,033,212

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Storage and Disposal

Storage: Store unused mats in original packaging in a cool, dry place inaccessible to children and pets. Store appliance [lamp] and butane cartridges in a cool, dry place away from sources of heat. **Disposal: If empty:** Do not reuse empty envelopes [wrappers] or cartridges. Do not puncture or incinerate empty cartridges. Place in trash or offer for recycling if available. **If cartridge is partly filled or for unused mats:** Call your local solid waste agency [or 1-800-CLEANUP] for disposal instructions. Never place unused mats down any indoor or outdoor drain.

{The following directions will be used when mats are sold with or used in the appliance:}

For best results, allow 10 to 30 minutes, depending upon area, for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios and yards. Use one appliance per each 225 square feet (an area 15' x 15') or 15 feet in diameter. Use more appliances in larger areas. Do not expose appliance or mats to rain. Do not contaminate food. Do not leave appliance unattended or use in windy conditions.

1. Remove one Spira Area Mosquito Mosquito Repellent mat from wrapper. One mat lasts up to 4 hours. Mat turns from pale blue to white when active ingredient has been exhausted.
2. Make sure the 'ON/OFF' switch on the appliance is in the 'OFF' position. Insert the mat under the appliance's black grill. To change mats, slide the 'ON/OFF' switch to 'OFF' and allow the appliance to cool completely. Push the used mat out by inserting a fresh one.
3. Remove the appliance cover and butane cartridge cap.
4. Screw the cartridge into the opening of the appliance. Make sure the cartridge is fully inserted by turning it clockwise until it stops. Replace the appliance cover. One ThermaCELL[®] butane cartridge lasts up to 12 hours {11 gm.} [up to 28 hours {26 gm.}]. If your appliance fails to heat, it may be out of fuel. Check the fuel level by holding the appliance vertically and looking at the fuel gauge on the bottom. You can see the amount of butane in the cartridge. Replace if empty.
5. Slide the ON/OFF switch to the 'ON' position; the butane gas will begin to flow.
6. Wait approximately 5 to 10 seconds then depress the start button three to five times in rapid succession.
7. To verify the appliance is operating, pick it up and check the lens on the end of the appliance. The light at the end of the appliance glows when the appliance is heating. If the light is not glowing, check to make sure the appliance is 'ON' and cartridge is completely screwed into place; then once again depress the start button three to five times in rapid succession. Check to make sure the light is glowing.
8. Place the appliance on a flat, stable area, with the grill side facing up. Do not touch the grill; it will be hot after a couple of minutes. Some visible vapor will appear during use. This is normal and no cause for concern. When finished using the appliance, slide the 'ON/OFF' switch to the 'OFF' position, and allow the appliance to cool completely. Appliance is now ready for storage.

{Graphics and/or subtitles will be added to final printed labeling}

{The following directions will be used when mats are sold with or used in the lamp unit:}

For best results allow 10 to 30 minutes, depending upon area, for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios and yards. It is great for camping. Use one lamp per each 225 square feet (an area 15' x 15') or 15' in diameter. Use more lamps in larger areas. Do not expose lamps or mats to rain. Do not contaminate food. Do not leave lamp unattended or use in windy conditions. [Features] adjustable lamp light. Automatic shut-off switch if lamp tips or is lifted. No messy wax [candles] to drip or spill. Lamp provides diffused [gentle] light as it repels mosquitoes, black flies, flying insects, bugs and biting flies. Provides up to 4 hours protection per mat. Simply turn lamp on, push the button and enjoy the outdoors in mosquito and bug-free comfort for hours.

At the highest setting each mat lasts up to 2 hours and each ThermaCELL[®] butane cartridge lasts up to 6 hours {11 gm.} [up to 14 hours {26 gm.}]. At the lowest setting each mat lasts up to 4 hours and each ThermaCELL[®] butane cartridge lasts up to 12 hours {11 gm.} [up to 28 hours {26 gm.}]. Mat turns from pale blue to white when repellent has been exhausted. Some visible vapor will appear during use. This is normal and no cause for concern.

1. Remove one [product name] mat from wrapper.
2. With globe in the OFF position, insert the mat under the grill at the top of the lamp.
3. Remove the butane cartridge cap and screw cartridge into the opening in the lamp base by turning the cartridge clockwise until it stops. Make sure the cartridge is fully inserted.
4. Place the lamp on a flat stable area. Rotate the globe clockwise to the maximum setting. [Slide the ON/OFF switch to the maximum setting.] The gas will begin to flow.

5. Wait approximately 5 to 10 seconds then depress the start button three to five times in rapid succession.
6. Verify the lamp is operating (lamp will glow). If the lamp fails to glow, check to make sure the lamp is turned on and the cartridge is fully inserted. Also check the cartridge's fuel level. If the fuel level in the cartridge is empty, turn lamp off and replace the cartridge, repeating steps 3 through 6.
7. Adjust the light and the rate at which the repellent and butane are used by turning the globe [by sliding the ON/OFF switch].
8. When finished using the lamp, rotate the globe [slide the ON/OFF switch] to the OFF position. Allow the lamp to completely cool before storing.
9. To replace a used mat, turn off lamp and allow to completely cool. Push the used mat out by inserting a fresh mat.
{Graphics and/or subtitles will be added to final printed labeling}

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION: Only for outdoor use as an insect repellent. Do not use indoors, in tents or any enclosed area. Harmful if inhaled. Avoid breathing vapors. Do not touch the grill while the appliance [lamp] is in use. The grill is hot while in use. Do not insert anything other than Spira Area Mosquito Repellent mats into the appliance [lamp].

First Aid

If Inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-800-xxx-xxxx for emergency medical treatment information.]</p>	

{Note: The first aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Physical and Chemical Hazards

Place appliance [lamp] on a flat, stable surface [with the grill facing upward]. Do not cover with any material while in use. Clean with a damp cloth only when the appliance [lamp] is cool and inactive. Cartridge contains flammable, pressurized butane. Do not use near fire or flame. Protect the butane cartridges from sunlight. Do not expose them to temperatures above 120°F (50°C). Do not pierce, break or incinerate butane cartridges, even after use. Butane cartridges other than ThermaCELL® cartridges will not work in this appliance [lamp]. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

Environmental Hazards

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

{Optional Selling Copy}

Spira Area Mosquito Repellent
Also Works on Black Flies

Continuous • Convenient • Easy to Use • Effective

Mosquitoes, black flies, bugs, outdoor flying insects and biting flies can spoil just about any outdoor activity whether you are entertaining guests at a barbecue or working in your backyard. Now you can alleviate the annoyance from these insects with passive protection for up to four hours. This product efficiently repels and reduces the annoyance of mosquitoes, black flies, outdoor flying insects, bugs and biting flies in an area as large as an average-size deck or patio (15 feet in diameter or 225 square feet [an area 15' x 15']) for up to four hours. This product is portable and can be taken anywhere you expect annoying mosquitoes, black flies, outdoor flying insects, bugs and biting flies to be a problem. For use in backyards, other recreational areas and on patios, decks, etc.

This product is odor free and silent so you can use it in comfort; it pleasantly protects your outdoor areas from mosquitoes, black flies, flying insects, bugs and biting flies. Its design is attractive so you will be comfortable using it when you entertain guests, yet functional so it is effective and easy to use. Makes outdoor evenings and outings enjoyable again! Simply insert the cartridge and repellent mat and push two buttons to start. [Simply insert the cartridge and repellent mat, rotate the globe [slide the switch] and push the button.] It silently and continuously releases a repellent that protects your outdoor area from mosquitoes, black flies, outdoor flying insects, bugs and biting flies for up to four hours.

Guarantee: Appliance [lamp] is guaranteed to last [number] years from date of purchase. If the appliance [lamp] fails to perform to your satisfaction, send the appliance [lamp] and receipt to [Company Name] for a full refund of purchase price or repair or replacement.

[You may also contact -1800-xxx-xxxx for emergency medical treatment information.]

Physical and Chemical Hazards

Place appliance/lamp on a flat, stable surface [with the grill facing upward]. Do not cover with any material while in use. Clean with a damp cloth only when the appliance/lamp is cool and inactive. Cartridge contains flammable, pressurized butane. Do not use near fire or flame. Protect the butane cartridges from sunlight. Do not expose them to temperatures above 120°F (50°C). Do not pierce, break or incinerate butane cartridges, even after use. Butane cartridges other than ThermaCELL® cartridges will not work in this appliance/lamp. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

Environmental Hazards

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

Dear Mr. Gebken:

Subject: Zobebe Industrie Chimiche S.p.A.
Spira Area Mosquito Repellent
EPA Reg. No. 43917-7

On behalf of its client **Zobebe Industrie Chimiche S.p.A.**, Paul A. Keane & Associates is submitting the attached documents as a notification of label revision per PR Notice 98-10. Paul A. Keane & Associates will act as sole agent in this endeavor.

Attached are the following:

1. Application for Pesticide: Other
2. One **Reference Label** (illustrates the revisions)
3. Two copies of the **New Label** (incorporates the revisions)

Our subregistrant who is marketing this product made minor revisions to the cartridge and appliance labeling. Refer to page 4 of the **Reference Label** for an illustration of these changes.

Please contact me at (520) 577-5165 if you have any questions or require additional information.

Sincerely,

Paul A. Keane,
Authorized Agent
