DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not use indoors or in restaurants or unventilated places. For best results place one coil about every 8-10 feet (2-3m) around perimeter of area to be protected. Most effective in outdoor sites such as porches, patios, open gazebos, pavilions, shelter-halves, lean-tos in lee of wind direction. Duration and results are affected by airflow and breeze. Save the stand after use to permit burning more coils with future packages.

Graphic

Long lasting - smolders pleasantly for 6 hours.

Graphic

Light, flat, small - easy to pack and use outdoors.

Graphic

Keep "uninvited guests" away effective for pennies.

Graphic

Gently flex interlocked coils to separate.

Graphic

Bend tab straight up.

Graphic

Firmly insert stand tab into coil slot.

Graphic

Hold match to end until ignited. Blow out flame.

Graphic

Broken pieces may be used as shown.

Storage and Disposal

Storage: Store product and used stands in a cool, dry place inaccessible to children and pets. **Disposal:** Do not reuse empty envelopes. Wrap and place in trash. Do not incinerate.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals
