

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS

**CAUTION**

Harmful if swallowed or absorbed through the skin. May cause irritation of eyes, nose, throat and skin. Avoid breathing dust. Wash thoroughly with soap and water after handling.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water. Do not contaminate water by cleaning of equipment of disposal of wastes.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:**

Pesticide that cannot be used according to label directions must be disposed of according to applicable Federal, state or local procedures.

**CONTAINER DISPOSAL:**

Triple rinse (or equivalent) and offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other approved State and local procedures.

**USE DIRECTIONS**

BEAR-OX 22 Granular Weed Killer is a non-selective herbicide for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for non-cropland areas such as railroad rights-of-way and industrial areas. 200-400 pound applications of BEAR-OX 22 per acre usually result in a non-productive condition of the soil for a period of a year or more. The duration of non-productivity is dependent upon rainfall, soil type and other conditions.

**BEAR-OX 22**

GRANULAR WEED KILLER

**ACTIVE INGREDIENTS:**

Bromacil (5-bromo-3-sec-butyl-6-methyluracil) .... 2.0%

Diuron [3-(3,4-dichlorophenyl)-1,1-dimethylurea]... 2.0%

INERT INGREDIENTS: ..... 96.0%

TOTAL 100.0%

ONLY FOR SALE TO, USE AND STORAGE  
BY SERVICE PERSONS

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

**STATEMENT OF PRACTICAL TREATMENT**

**IF SWALLOWED:** Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

**IF IN EYES:** Flush with plenty of water. See a physician if irritation persists.

**IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water.

**IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated.

**USE DIRECTIONS (CONT'D)**

BEAR-OX 22 Granular Weed Killer should be applied as furnished with a speed spreader, a fertilizer spreader, a shaker type applicator, or with any equipment which will distribute the chemical uniformly over the area to be treated. For the control of annual and most perennial weeds and grasses, apply BEAR-OX 22 at the rate of 200-400 pounds per acre; on the smaller plots, 0.5-1.0 pounds per 100 square feet. 400-800 pounds per acre of repeat spot treatment may be required when deep rooted perennial weeds are present. To obtain the best results, BEAR-OX 22 should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later seasonal date. BEAR-OX 22 may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season. Users should consult state agricultural experiment stations or extension service weed specialists for recommendations as to use in their particular area.

**IMPORTANT:** Do not apply on or near valuable woody or herbaceous plants or on areas where their roots may extend, because of possible injury to such plants. Do not use on croplands or any land to be used for subsequent cropping. Keep animals off treated areas. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes).

**WARRANTY STATEMENT**

Buyer assumes all risk of use and or handling of this material when such use and or handling is contrary to label directions.
