**YEAR 'ROUND PROTECTION**  
REMOVE CELLOPHANE

Place or hang bags where vapor can circulate freely. Most effective when used in closets, bureau drawers, storage and boat lockers, trunks, suitcases, bookcases, hat and shoe boxes, etc. Separate articles occasionally so that vapor can reach all surfaces. Nothing a short time before using.

**CHECK FOR EVAPORATION and REPLACE WHEN NEEDED**

Large economy 3 1/2 oz. size MIL-DU-GAS is recommended for larger areas such as HOMES, BOATS, TRAILERS, MOBILE HOMES, BASEMENTS, areas affected by humidity or unpleasant odors. Excellent when storing mobile home auto parts or clothing your car part there for a short time, and for articles of cloth, leather, wool or anything affected by dampness or humidity.

**WILL NOT DRIP OR ABSORB MOISTURE**  
**SOLVE YOUR PROBLEMS WITH VAPORIZED SUNSHINE**

If mildew has already accumulated, dust articles thoroughly. Avoid direct contact with color articles as some dyes are not colorfast. Do not place in contact with picture film.

**ANTIDOTE:** Give teaspoonful of aromatic spirits of ammonia in water, then a teaspoonful of salt in a glass of warm water and repeat until vomit is clear. Give milk or white of eggs beaten with water. Call a physician.
