NGTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above noned posticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.		
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This product is conditionally registered in accordance with FIFKA section 3(c)(7)(A) provided that you:		
 Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data. 		
2. Make the labeling changes listed below before you release the product for shipment:		
a. Add the phrase "LPA Registration No. 43994-9."		
b. Revise the statement:		
Causes eye damage and skin irritation.		
to read:		
Causes eye damage and skin damage.		
c. Dulate the statement:		
General Classification		
ATTACHMENT IS APPLICABLE		
SIGNATURE OF APPROVING OFFICIAL		DATE

- d. Delete the statements:
 - bury in a safe place
 - buried in a safe place
- e. Refer to PR Notice 83-3 for acceptable Pesticide Disposal statement.

Subsit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

John H. Lee Product Hanager (31) Disinfectants Branch Registration Division (TS-767C)

Enclosures

Sanitizing of Food Processing Equipment and other Hard Surfaces in Food Contact Locations.

For sanitizing food processing equipment, dairy equipment, food utensils, dishes, silverware, glasses, sink tops, countertops, refrigerated storage and display equipment and other hard non-porous surfaces

Wash and rinse all articles thoroughly, then apply a solution of 1 oz. BARQUAT 422-16 m 4 gallons of water. (200 ppm active). Surfaces should remain wet for at least one minute followed by adequate draining and air drying. Fresh solution should be prepared daily or when use solution becomes visibly dirty. For mechanical application, use solution may not be reused for sanitizing applications.

Apply to sink tops, countertops, refrigerated storage and display equipment and other stationary hard surfaces by cloth or brush.

Dishes, silverware, glasses, cooking utensils and other similar size food processing equipment can be sanitized by immersion in a 1 oz./4 gallon dilution of BARQUA* 122-10.

No Potable water rinse is required

At 1 oz./4 gallons, BARQUAT 422-19 has a hard water tolerance of 750 ppm of hardness calculated as CaCO₃ when evaluated by it e AOAC Germicidal and Detergent Sanitizer Method again.st Escherichia coli and Staphylococcus aureus.

The udders figures, and seals of dairy cows can be sanitized by westing with a solution of 1 cz. BARQUAT 422-10 in 4 galtons of warm water.

Use a fresh towel for each cow. Avoid contamination of sanilizing solution by dirt and soil. Do not dip used towel back into sanitizing solution. When solution becomes visibly dirty, discard and provide fresh solution.
