FOR SWIMMING POOL CHLORINATION

ACTIVE INGREDIENT: **TRICHLOROMETHYL HYDROQUINONE** 9.2%
INERT INGREDIENT 90.8%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID: If on skin, wash with plenty of soap and water. If in eyes, flush with water for at least 15 minutes. Get medical attention if swallowed; drink large quantities of milk or gelatin solution if these are not available; drink large quantities of water. Do NOT give vinegar or other acids. Do NOT induce vomiting. Get prompt medical attention.

See additional precautionary statements on side panel.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

DIRECTIONS FOR SWIMMING POOL CHLORINATION

1. Add 1.5 oz. of this product per 10,000 gallons of water. Start up swimming pool with this amount of chlorine. Add more chlorine as needed to maintain a chlorine residual of 1.0 ppm. Test water daily. Adjust chlorine level by adding 1.0 oz. of this product per 10,000 gallons of water.

2. Adjust pH level of water to between 7.2 and 7.6. Adjust pH level by adding 1.0 oz. of this product per 10,000 gallons of water. Maintain a pH level between 7.2 and 7.6. Test pH daily. Adjust pH level by adding 1.0 oz. of this product per 10,000 gallons of water.

DIRECTIONS FOR DISINFECTION OF POTABLE WATER FOR HOME WELL WATER SYSTEMS

1. Add 1.0 oz. of this product per 100 gallons of water. Start up with this amount of chlorine. Add more chlorine as needed to maintain a chlorine residual of 2.0 ppm. Test water daily. Adjust chlorine level by adding 1.0 oz. of this product per 100 gallons of water.

DIRECTIONS FOR SANITIZING FOOD PROCESSING OR PREPARATION AREAS: Add 1.0 oz. of this product per 100 gallons of water. Start up with this amount of chlorine. Add more chlorine as needed to maintain a chlorine residual of 200 ppm. Test water daily. Adjust chlorine level by adding 1.0 oz. of this product per 100 gallons of water.

NOTE: Do not use this product in areas where it may come in contact with food. Do not use this product in areas where it may come in contact with clothing or other items that may be damaged by chlorine. Do not use this product in areas where it may come in contact with other chemicals.

STORAGE AND DISPOSAL: Store in original container in a cool, dry place. Do not store in areas where it may come in contact with food, clothing or other items that may be damaged by chlorine. Do not store in areas where it may come in contact with other chemicals.

ACCEPTED
44174-1
JUN 18 1981
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended for the pesticide registered under EPA Reg. No.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

DANGER: Corrosive. May cause severe skin irritation, chemical burns to broken skin. Causes eye damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash clothing before reuse. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent should not be discharged into lakes, streams, ponds or public water supplies without a valid discharge permit. For guidance, contact regional office of the Environmental Protection Agency.

PHYSICAL AND CHEMICAL HAZARDS:
STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with organic materials such as feces, urine, etc., or with ammonia, acids, or other chemicals may release hazardous gases. Irritates eyes, lungs and mucous membranes.
