

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS
STRONG OXIDIZING AGENT: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

CHLORINATING TABLETS

These are to be used in the Land-O-Matic dispenser for automatically treating well water in those areas where treated water supplies are not available.

ACTIVE INGREDIENT:
Calcium Hypochlorite 70%
INERT INGREDIENT 30%
(AVL CHLORINE 70%)
Pellet Wt. 1 Gram

**KEEP OUT OF REACH OF CHILDREN
DANGER**

Practical Treatment: (FIRST AID): If swallowed feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately.

If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

LAND PRODUCTS, INC.
P. O. Box 195
Armstrong, Iowa 50514

ACCEPTED
44372-1
JUN 1980
Under the Federal Insecticide, Fungicide, and Rodenticide Act.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

This product is intended to be used for treating water by placing the pellets at the base of a well to sanitize the water and to keep that water sanitized until consumed. It is not intended to replace safe and properly constructed wells. EPA recommends for human consumption .2 - .8 PPM to be determined by using a test kit provided with the Land-O-Matic dispenser. One pellet normally treats 20 gallons of average well water. These pellets are designed to dissolve in less than 1 hour. Consult the manufacturer's installation book for proper installation and adjustments so that the required chlorine residual can be maintained at all times.

STORAGE AND DISPOSAL: Keep product dry in tightly closed container when not in use. Store in a cool dry, well ventilated area away from heat or open flame. In case of decomposition isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area, or bury in a safe place.
