**BUG BAN PLUS**  
**DOUBLE STRENGTH INSECT REPELLENT**  
**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. May cause eye irritation. Avoid contact with eyes, lips or open cuts. Do not expose treated skin or clothing to fire, sparks or flame until liquid has evaporated. Do not allow children to rub eyes if hands have been treated.

**PHYSICAL HAZARDS**

**EXTREMELY FLAMMABLE:** Contents under pressure. Do not use near fire, heated surface, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting. May damage some plastics, varnished or painted surfaces. May be used on Nylon, Orlon, Wool or Cotton. **DO NOT USE** on Rayon, Spandex or Dynel.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove protective cap, and spray from a distance of 8-12 inches from surface to be protected. Slightly moisten surface - saturation is not necessary. Use slow sweeping motion. **FOR EXPOSED SKIN AREAS,** to repel flies, gnats and mosquitoes. Use as directed above. **AVOID CONTACT WITH EYES OR MOUTH.** For treating face, spray in palm of hand, rub palms together and rub on face. **FOR CLOTHING,** to repel ticks, fleas and chiggers (see CAUTION) - Make liberal application along all openings of clothing, such as inside the neck band, the fly and cuffs of trousers, tops of socks, eyelets of shoes and areas of clothing which may contact the ground, weeds or other growth.

Avoid contact with plastics, such as eyeglass frames, and such fabric as acetate rayon.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool dry area away from heat or open flame. **DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

# OUST® HERBICIDE

EPA REG. NO. 352-401

## FOR WEED CONTROL UNDER ASPHALT AND CONCRETE PAVEMENTS IN STATES OF MONTANA, WYOMING, COLORADO, NEW MEXICO, ARIZONA, UTAH, IDAHO, WASHINGTON, OREGON, NEVADA AND CALIFORNIA

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

### GENERAL INFORMATION

Du Pont "Oust" Herbicide is recommended for weed control under asphalt and concrete pavement to extend the useful life of the surfacing material by preventing weeds from emerging through it.

"Oust" should be used only where the area to be treated has been prepared according to good construction practices. If rhizomes, tubers or other vegetative parts are present in the site, they must be removed.

"Oust" will not control woody vegetation such as small trees, brush or woody vines. Roots of these species must be grubbed and removed from the site prior to application.

### HOW TO USE

"Oust" may be applied to the ground before laying asphalt or concrete such as used on parking lots, highway shoulders, median strips, roadways and other industrial sites. "Oust" must be applied just prior to the asphalt or concrete coating to avoid possible lateral movement of the herbicide by rainfall or mechanical means.

"Oust" should be applied uniformly to the final grade of base rock or native soil just prior to the paving operations. Apply "Oust" at the rate of 10-12 ounces per acre. Use the higher rates for hard to control weeds and long term control. "Oust" should be applied in sufficient water to insure uniform coverage. Continuous agitation is required to keep "Oust" in suspension.

"Oust" is not recommended for use under pavement in residential properties such as driveways, or in recreational areas, jogging or bike paths, tennis courts, or golf cart paths.

Avoid drift of spray into planters or ornamental bedding areas in or adjacent to the treated area as injury may result. Injury of desirable plants may result if their roots extend into treated areas.

### IMPORTANT

**BEFORE USING "OUST", READ AND CAREFULLY OBSERVE THE CAUTIONARY STATEMENTS AND ALL OTHER INFORMATION APPEARING ON THE PRODUCT LABEL.**

This bulletin contains new or supplemental instructions for use of this product which may not appear on the package label. Follow the instructions carefully.

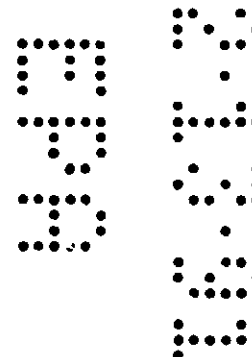

This labeling must be in the possession of the user at the time of pesticide application.
