Subject: Revised Label For:
Bug Ban Plus Personal Insect Repellent
EPA Registration No. 44446-48
Letter dated February 17, 2004

Dear Mr. Riffel:

The labeling enclosed with your letter cited above is acceptable. A stamped copy of the label is enclosed for your records.

Sincerely,

Richard Gebken
Acting Product Manager 10
Insecticide Branch
Registration Division (7505C)

SPRAYS **RIGHTSIDE UP**
NAMO EIDISJN

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC
ANIMALS**

CAUTION: Harmful if swallowed. May cause eye irritation. Avoid contact with eyes, lips or open cuts. Do not expose treated skin or clothing to fire, sparks or flame until liquid has evaporated. Do not allow children to rub eyes if hands have been treated.

FIRST AID

If inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

If in eyes:

- Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If swallowed:

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PHYSICAL HAZARDS

EXTREMELY FLAMMABLE: Contents under pressure. Do not use near fire, heated surface, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. May damage some plastics, varnished or painted surfaces. May be used on Nylon, Orlon, Wool or Cotton. DO NOT USE on Rayon, Spandex or Dynel.

DIRECTIONS FOR USE

Read and follow all directions and precautions on this product label. It is a violation of Federal

law to use this product in a manner inconsistent with its labeling. Do not spray in enclosed areas. Remove protective cap, and spray from a distance of 8-12 inches from surface to be protected. Slightly moisten surface—saturation is not necessary. Use slow sweeping motion. Apply sparingly around ears. Do not allow children to handle this product. When using on children, apply to your own hands and then put it on the child. If used on the face, spray hands first and then apply sparingly and avoid eyes.

FOR EXPOSED SKIN AREAS, to repel flies, gnats and mosquitoes: Use as directed above. **AVOID CONTACT WITH EYES OR MOUTH.** For treating face, spray in palm of hand, rub palms together and rub on face.

FOR CLOTHING, to repel ticks, fleas and chiggers (see CAUTION)—Apply along all openings of clothing, such as around the neck band, the fly and cuffs of trousers, tops of socks, eyelets of shoes and areas of clothing which may contact the ground, weeds or other growth.

Do not apply over cuts, wounds or irritated skin. Do not apply to eyes and mouth and do not apply to the hands of young children. Do not spray directly on face. Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Avoid overexposure. Frequent reapplication and saturation is unnecessary for effectiveness. Avoid contact with plastics, such as eyeglass frames, and such fabric as acetate rayon.

After returning indoors, wash treated skin with soap and water. Wash treated clothing. Use of this product may cause skin reactions in rare cases. If you suspect that you or your child is reacting to this product, wash treated skin and call your local poison control center.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame. **DISPOSAL:** Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

CONTAINS (CAS#): Isopropyl Alcohol (67-63-0), Propane-Isobutane (68476-85-7), Diethyltoluamide (134-62-3), Insecticide Synergist (113-48-4), Di-n-propyl isocinchomerate (138-45-8)

HMS RATINGS: HEALTH-1, FLAMMABILITY-2, REACTIVITY-1, PERSONAL-1
