

Cross-contamination is of major housekeeping concern and may be prevented by using I-Quat 64 in the area of this problem area. It both cleans and disinfects effectively and is non-toxic to humans and animals when used as directed. It is safe for use in food processing areas with no hazard of cross-contamination.

I-Quat 64 is an extremely effective one-step sanitizer for use in food processing areas. It is safe for use in water with a hardness of up to 100 ppm. This hard water tolerance is in excess of most available water sanitizers.

Two ounces of I-Quat 64 per gallon of water will deodorize surfaces, walls, floors, and equipment in food processing areas where malodorous odors can cause malodors. Prevents odor caused by mold and mildew.

**Precautionary Statements**  
**Hazards to Humans and domestic animals**

**WARNING**

### Directions for Use

#### GENERAL CLASSIFICATION

Quat 64 is a powerful disinfectant, bactericide, fungicide, and virucide. It is effective against a wide range of microorganisms, including bacteria, fungi, and viruses. It is also effective against organic soil.

**DISINFECTION:** For general disinfection of surfaces, dilute Quat 64 with water to a concentration of 1:100. Apply to the surface and allow to remain wet for 10 minutes. Rinse thoroughly with clean water.

**SANITIZING:** For sanitizing of surfaces, dilute Quat 64 with water to a concentration of 1:500. Apply to the surface and allow to remain wet for 10 minutes.

**FOR HOSPITALS AND NURSING HOMES:** Quat 64 is highly effective against the bacteria and fungi commonly found in hospitals and nursing homes. It is safe for use on most surfaces and is non-toxic to humans.

**FOR SCHOOLS, NON-MEDICAL INSTITUTIONAL AND INDUSTRIAL USE:** Quat 64 is a powerful disinfectant and is highly effective against a wide range of microorganisms. It is safe for use on most surfaces and is non-toxic to humans.

**SANITIZING NON-FOOD CONTACT SURFACES:** Quat 64 is highly effective against a wide range of microorganisms. It is safe for use on most surfaces and is non-toxic to humans.
