Texarkana, AR 75501

Attention: O. Abernathy

Gentlemen:

Subject: KB-Wash Sanitizer, EPA Registration No. 44543-5
KB-Detergent Sanitizer, EPA Registration No. 44543-6
KB-Wash and Surface Sanitizer, EPA Registration No. 44543-8
KB-Sanitizer, EPA Registration No. 44643-9

The amendments referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), are acceptable provided that you:

- Submit/cite all data required for registration/reregistration of your products under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

If this condition is not complied with, the registrations will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of these products constitutes acceptance of this condition.

Stamped copies of the labels are enclosed for your records.

Sincerely yours,

Jeff Kempter
Product Manager (32)
Disinfectants Branch
Registration Division (TS-767C)

RB - DETERGENT SANITIZER

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS STRONG, OXIDIZING AGENT

Strong Oxidizing Agent. Use only clean dry utensils and mix with water only. Mixing other chemicals or gross filth (urine, feces, etc.) will start a chemical reaction resulting in release of toxic gases, heat, and possibly fire. In case of decomposition, isolate container in open air if possible, and flood with large volumes of water.

ACTIVE INGREDIENTS:

Sodium dichloro-s-triazinetriene dihydrate 5.8%
(provides 3.2% available chlorine)
Sodium dodecylbenzene sulfonate 4.0%
Sodium metasilicate 5.0%

INERT INGREDIENTS 85.4%

KEEP OUT OF REACH OF CHILDREN DANGER

PRACTICAL TREATMENT (FIRST AID)

If swallowed: Feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately.

If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

EPA Reg. No. 44543-6

Net Weight 100 Pounds

RB - DETERGENT SANITIZER

RB - DETERGENT SANITIZER is recommended for use on processing equipment and utensils including dairy and broiler equipment and utensils. It is also recommended for use on dishes and glasses.

DIRECTIONS FOR USE

"It is a violation of Federal Law to use this product in a manner inconsistent with its labeling."

Prepare a sanitizing solution by dissolving 4 1/2 oz. or 8 1/2 oz. DETERGENT SANITIZER per 10 gal. of water. This provides a solution containing 100 ppm or 200 ppm of available chlorine, respectively. Clean and rinse items prior to sanitizing. Place glasses, dishes, equipment or utensils in solution for 2 minutes. For flat surfaces clean to remove gross filth and soil. Then spread the sanitizing solution and allow to stand 5 minutes.

The same solution may be used in feed tank in immersion spray type machines providing 2 to 5 minutes contact time sanitizing dishes, glasses, food processing equipment and utensils. Clean and rinse items prior to sanitizing. The items are then ready for use. Let air dry.

The sanitizing solution should be used promptly after mixing. If the solution is allowed to stand or is reused and tests show level of chlorine has not been maintained, additional RB - DETERGENT SANITIZER should be added, to maintain a minimum concentration of 50 ppm available chlorine.

STORAGE AND DISPOSAL

Keep product dry in tightly closed container when not in use. Store in a cool dry, well ventilated area away from heat or flame. In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in appropriate landfill area.
