

1 445-11

Germx LC makes the surface wettable with water, improving its wettability. Microbes are capable of mass reproduction in the pores, scratches and cracks of surfaces. The excellent wettability of Germx LC improves the penetration of the use solution into areas that otherwise might not be reached.

Germx LC is effective against a wide variety of gram positive and gram negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin. Has a pleasant lemon odor.

Germx LC mixes with water to form clear, stable use solution. Use solutions are non-corrosive and non-staining to plastic vinyl synthetics, enamel, tile and most common metals.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS**

**WARNING**

Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not discharge into streams, ponds, or public water unless in accordance with an NPDES Permit. Do not contaminate water by the application or by disposing of wastes.

**USE DIRECTIONS  
GENERAL CLASSIFICATION**

Use in accordance with Federal law to use this product in a manner inconsistent with its labeling.

**APPLICATION INFORMATION**

Select the proper dilution of Germx LC for your use from the directions below. Apply the use solution to a clean mop, sponge, cloth, squeegee, mechanical scrubber or other cleaning implement.

Prepare the use solution by adding the use solution to water. Discard solutions when they become cloudy. Rinse surfaces thoroughly with the surfaces to be cleaned. Allow the use solution to remain on the surface for at least 10 minutes to insure proper disinfection.

Germx LC may be used for cleaning and disinfecting hard, non-porous, inanimate environmental surfaces (glass, metal, glazed porcelain, linoleum, tile, smooth leather, vinyl, enameled and finished wood surfaces) on walls, floors, appliances and furnishings.

#### CLEANING

To clean and Deodorize or to Preclean Prior to Disinfection. Depending on the soil level of the area to be cleaned use 5 to 10 oz. of Germx LC per gallon of water (1 part to 31 - 63 parts water).

#### DISINFECTING

Hospitals, Veterinary Clinics, Nursing Homes, and Other Medically related uses: Use 5 oz. of Germx LC per 1½ gallons of water (1 part to 39 parts water) for one-step cleaning and disinfection of areas with light to medium soil loads. For heavily soiled area, preclean as described above and then disinfect with Germx LC at 2½ oz. per gallon (1 part to 50 parts water).

Industrial area, Barber shops, Restrooms, Restaurants, Food and Meat Processing Plants (non-food processing areas), Public rooms, Other Non-Medical uses: Preclean surfaces. Then disinfect with a solution of 2 oz. of Germx LC in 1 1/3 gallons of water (1 part to 87 parts water). Alternatively, clean and disinfect in one operation using 5 oz. Germx LC per 1½ gallons of water (1 part to 39 parts water).

For deodorizing garbage cans, garbage trucks, industrial waste receptacles, and garbage handling equipment. It is especially important to preclean the product to perform properly. Then, apply a wetting concentration of 8 oz. of Germx LC per gallon of water (1 part to 15 parts water).

For mildew control: Follow directions for hospital disinfection. Repeat every seven days, or when new growth appears.

Germx LC may be used through automatic floor scrubbing equipment.

Germx LC must not be used on food contact surfaces.

## STORAGE AND DISPOSAL

**PROHIBITIONS** DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL. OPEN DUMPING IS PROHIBITED.

**PESTICIDE DISPOSAL** Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved State procedures under Subtitle C of the Resource Conservation and Recovery Act.

**CONTAINER DISPOSAL** For Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State and local procedures.

For Plastic Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by State and local authorities.
