Dear Mr. Hickey:

Subject: Label Revision based on PR Notice 91-4 - DEET LIP  
Woodlands Insect Repellent Spray  
EPA Reg. No. 44599-2  
Submission: November 8, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

This label approval is based on the confidential statement of formula dated November 23, 1984. The CSF you submitted with this label is not acceptable due to the significant changes in ingredients and inclusion of an unacceptable fragrance, Diethyl Phthalate (List 2 Inert). Please submit an updated CSF on form 8570 (Rev. 12-90) based on the original CSF and include an acceptable propellant. If you wish to make other minor ingredient changes, please specify the reasons and submit an amendment for review.

Sincerely,

RFM
