**General Information**

Aphid-Pruf is a patented aphid repellent. It acts by rapidly increasing the rate at which sugars are transported out of the leaves. Aphids react by moving off the plant.

<b>Active Ingredients</b>	
Garlic Water.....	10.80%
<b>Inert Ingredients</b>	
Calcium, Boron, Iron, Potassium Humic Acids.....	10.29%
Water.....	78.91%
<b>TOTAL.....</b>	<b>100.00%</b>
Net Weight: 10.4 lbs of active ingredient/gallon	

**ACCEPTED**  
**JUL 13 2001**  
 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 44688-1

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

First Aid: Refer To Side Panel

**Directions For Use**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Mix 1 gallon Aphid-Pruf with 4 gallons water per acre as a foliar spray. For best results, apply on a warm sunny day between noon and 3:00 p.m. and when wind speeds are low. Always include a nonionic surfactant at the rate of 1-2 quarts/100 gallon of spray mixture.

Use when aphid numbers are averaging 50 per leaf or less, and before build-up of honey dew.

Can be mixed with most farm chemicals except those containing either phosphorus or sulfur.

Use stainless steel or plastic tank, tubing and nozzles. Cone or fan nozzles are best. Do not use fine screens.

**AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, greenhouses and handlers of agricultural pesticides. It contains requirements for the training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to protective equipment (PPE). The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not apply this product in a way that will contact workers or other workers or other persons, directly or through drift. Only protected handlers may be in the area during applications. Do not enter or allow workers entry into treated areas during restricted entry intervals (REI) of 4 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water: (c) Long sleeve shirt, (d) long pants, shoes, socks and gloves.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in tightly closed container in a locked area away from children.

**PESTICIDE DISPOSAL:** Waste resulting from the use of this product may be disposed of on the premises or at an approved waste disposal facility. Run or contain thoroughly, then offer for recycle or reconditioning, or puncture and dispose of in a sanitary landfill or incineration if allowed by state and local authorities. If burned stay out of smoke.

**Precautionary Statements**  
 Hazard To Humans and Domestic Animals

**CAUTION**

Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, tobacco products, or using the toilet. Wear long sleeved shirt, long pants, socks, shoes, and gloves. Remove and wash contaminated clothing before reuse. Wash contaminated clothing with detergent in hot water, separate from other laundry.

**FIRST AID**

**If swallowed:**

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything to an unconscious person.

**If in eyes:**

- Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

**If on skin:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.

**If inhaled:**

- Move the person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.
