GTE: Changes in labeling formula differing in substance fubritted to and accepted by the Registration Division prior roduct always refer to the above U.S. EPA registration num	or to use of the tabel in commer- nber,	ce. In any correspondence on th
a the basis of information furnished by the registrant, the re Federal Insecticide, Fungicide, and Rodenticide Act.	above named pesticide is here	by Registered/Reregistered une
copy of the labeling accepted in connection with this Re	gistration/Reregistration is ret	urned herewith,
egistration is in no way to be construed as an indorsemen	t or approval of this product by	this Agency. In order to protect

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Add the phrase "EPA Registration No. 44811-11" to your label before you release the product for shipment.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
