

HIDE & SEEK ROACH KILLER is a long-lasting, odorless, non-staining, non-flammable powder that continuously protects against roaches (including palmetto bugs, ants and silver fish). HIDE & SEEK kills roaches by a physical, chemical action. The powder acts slowly, but continuously and will kill the roach population from within 7 to 21 days when applied properly. Since this formula is inorganic, it won't wear out, lose its strength, fade or weaken from age — you only reapply, if somehow it gets damp, wet or if the powder is removed. HIDE & SEEK is long-lasting.

**PRECAUTIONARY STATEMENTS  
HAZARD TO HUMANS  
& DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed. Wash thoroughly after handling. HIDE & SEEK should be placed in such a manner that it cannot be reached by children or pets. Do not place powder on an open floor. Avoid contamination of food or feedstuff.

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use in homes, apartments, hotels. (Apply in dry areas only.) Apply thoroughly into cracks, crevices, baseboards, along walls, underneath sinks, refrigerators, dishwashers, stoves, kitchen and bath shelves, drawer wells, around garbage containers and around all points of entry such as window frames. Any visible powder after application should be carefully brushed into cracks and crevices or removed. (For easy flow of powder out end of nozzle to open.) Apply in all rooms thoroughly for best results. Reapply as necessary.

**SHAKE WELL BEFORE USING.**

**DISPOSAL:** Do not use empty container. Wrap container and put in trash collection.
