45087-15

BACK PANEL

Flea and Tick Powder for Cats and Dogs

Precautionary Statements:

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Avoid breathing dust. Avoid prolonged contact with skin. Wash hands with soap and water after use. In home all food processing surfaces, exposed food and utensils should be covered during treatment, or thoroughly washed before use.

STATEMENT OF PRACTICAL TREATMENT:

- On Skin: Wash thoroughly with soap and warm water
- In Eyes: Flush with plenty of water. If irritation persists call a physician.
- If Swallowed: Drink a large quantity of water and induce vomiting. Get medical attention at once.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. This pesticide is toxic to aquatic invertebrates. Do not apply directly to water.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

BEST DOCUMENT AVAILABLE

TO KILL FLEAS, TICKS, AND LICE. Dust entire animal beginning at head, being careful to avoid pet's eyes, and working back being sure powder gets down to skin especially around feet and legs. Repeat at weekly intervals if necessary. Dust animal's living quarters freely. Fleas pass part of their life cycle off the cat or dog in dust beneath bedding or cracks and crevices. DO NOT USE ON PREGNANT OR NURSING ANIMALS.

STORAGE AND DISPOSAL

Storage: Store in original container in locked storage area.

Disposal: Unused insecticide, Securely wrap original container in several layers of newspaper and discard in trash.

Empty Container: Do not reuse can. Dispose in trash.

Mr. Hal K. Bowman
Zema Corporation
P. O. Box 12803
Research Triangle Park, NC 27709

Dear Mr. Bowman:

Subject: Amended Registration, Label Revision
2-3 Flea & Tick Powder for Dogs
EPA Registration No. 45087-15, and
2-3 Flea Powder for Cats
EPA Registration No. 45087-14
Your Applications Dated June 28, 1984

Your request of June 28, 1984, to allow both dog and cat species to appear on the label whose EPA Registration Number is 45087-15 has been reviewed and found acceptable. A stamped copy is enclosed for your records. Submit final prints before you release the product for shipment under the revised labeling.

It is understood that the label will be identical with that of the basic label accepted under this registration except for product name.

This also formally transmits to you our cancellation of the registration "Flea and Tick Powder For Cats, EPA Registration No. 45087-14." This action is in accord with your request of June 28, 1984.

Sincerely yours,

Jay S. Ellenberger
Product Manager (12)
Insecticide-Rodenticide Branch
Registration Division (TS-767)
