Dow Chemical Co.

DIRECTIONS FOR USE

1. Dilute with water to the concentration indicated on the label.
2. Apply to the animal's coat by dipping or spraying. Repeat as directed.
3. Avoid contact with eyes, nose, mouth, and open wounds.
4. Wash thoroughly with soap and water after handling. Do not use for 24 hours nursing puppies or pups under three (3) months old.
5. Avoid contact with humans and domestic animals.
6. Repeat application as directed on the label.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION: Concentrate. Harmful if swallowed. May irritate eyes, nose, and throat. Wash thoroughly with soap and water after handling. Do not use for 24 hours nursing puppies or pups under three (3) months old.

NOTE TO PHYSICIAN AND VETERINARIAN: Chlorpyrifos is a cholinesterase inhibitor. Atropine, 1 mg/kg and atropine 0.5 mg/kg are antidotes if symptoms of cholinesterase inhibition are present.

STATEMENT OF PRACTICAL TREATMENT:

- Swallowing:** Call a physician or Poison Control Center. Give a glass of milk or water and induce vomiting by pulling the tongue to the back of the throat. Never give anything by mouth to a person who is vomiting or is unconscious or convulsing.
- In eyes:** Flush with plenty of water. Get medical attention if irritation persists.
- On skin:** Wash off with soap and water. Remove contaminated clothing and wash before reuse.
