SWIMMING POOL AND SPA ALGAEICIDE AND ALGAE PREVENTATIVE

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Club Pro Black Algae Remover is used to control the growth of algae in swimming pools, exterior spas, whirlpools and hot tubs. For maximum effectiveness, pools, spas, whirlpools and hot tubs containing heavy growth of algae, should be cleaned prior to using Black Algae Remover.

For pools having just visible algae growth, add an initial dose of 11 to 17 fluid ounces of Black Algae Remover per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool, add initially 6 to 11 fluid ounces of Black Algae Remover per 10,000 gallons of water. Subsequent additions of 2 to 4 fluid ounces of this product per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools or hot tubs having just visible growth require an initial dose of $\frac{1}{4}$ to 1 teaspoon of Black Algae Remover per 100 gallons of water. For treatment of a freshly cleaned whirlpool, spa or hot tub, add initially $\frac{1}{4}$ to $\frac{1}{2}$ teaspoon of Black Algae Remover per 100 gallons of water. Subsequent additions of $\frac{1}{4}$ to $\frac{1}{2}$ teaspoon of Black Algae Remover per 100 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Black Algae Remover is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. Black Algae Remover can be used in pools and spas treated with chlorinating chemicals and may reduce the amount of those chemicals normally required. Do not mix this product with concentrated dry or liquid chlorinating products.

STORAGE AND DISPOSAL:

Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area. Do not contaminate food or feed by storage or disposal.

CONTAINER DISPOSAL:

Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with skin, eyes, or clothing. Harmful if swallowed. Wear goggles or safety glasses and rubber gloves when handling this product.

PHYSICAL OR CHEMICAL HAZARDS:

Do not mix with other chemicals.

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.
