

NOTICE OF PESTICIDE:

REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Aqua Clear Aqua Tabs 8 oz

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Aqua Clear Industries, Inc.
20 Kairnes Street
Box 5430
Albany NY 12205

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is voluntarily registered in accordance with FIFRA section 4(c)(7)(B) provided that you:

1. Submit the data required for registration/reregistration of your product under FIFRA section 4(c)(3) and section 4 when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 45309-27" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**DANGER
PRECAUTIONARY STATEMENTS- HAZARDOUS
TO HUMANS AND DOMESTIC ANIMALS**

Irritant. Causes eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Inhaling to nose and throat. Avoid breathing dust. May cause burns to broken skin. Wear goggles or face shield and protective clothing when handling. Wash hands after handling.

FIRST AID (PRACTICAL TREATMENT)

If swallowed, drink plenty of water. In case of personal contact, remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes get medical attention as soon as possible. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARDS

Strong oxidizing agent. Do not use acids or strong alkalis. Concentration with moisture of organic matter, or other chemicals or any foreign matter may start a chemical reaction and generation of heat, liberation of hazardous gases, and possible generation of fire.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Keep out of lakes, streams, ponds, or public waters. Pesticides may be required for discharge containing this pesticide into public waters. For guidance contact the regional office of the Environmental Protection Agency.

SPECIAL PRECAUTIONS (PLEASE READ)

- 1. This product has a powerful chlorine odor. Hold only from face when covering to avoid breathing fumes.
- 2. Prolonged contact between this product in its unreactive state and vinyl, nylons, or plastic surfaces will result in bleaching of the vinyl or nylon.
- 3. When adding this product to shower or toilet make sure there are no other chemicals present so a violent reaction may occur. It is always dangerous to mix chemicals.
- 4. Use this product as directed on jar instructions on label. Do not take advice from others or experiment by yourself.
- 5. If this product is used to shock or superchlorinate a pool, after treatment it is necessary to brush walls and floor to remove protected algae that may be in cracks or crevices that might protect algae from high chlorine residual. Such protected algae will begin to reproduce again when high chlorine residual falls.
- 6. This product, because of its potent formulation, can be dangerous if not used properly. Do not mix with any other chemicals. This could result in a violent chemical reaction. Do not add water to this product in a closed container. Do not add the product to a small amount of water in a pool. When adding this product to showers, make sure pump is on and water is circulating. Do not attempt to drain into recirculating system. Do not allow build up of this material in shower so great soap grounds and create an explosion.
