Swim Free is especially made to control algae growth in all types of swimming pools. Water treated with Swim Free can be used immediately—NO WAITING. Its long lasting action controls existing algae and maintenance dosages control algae regrowth. Swim Free will not cause the water to foam and will not alter the pH or chlorine of the water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Swim Free is concentrated. Consult the chart below for the correct dosage. Mix the correct amount of Swim Free with 1 gallon of water and distribute around the edge of the pool. Apply initial treatment dosage to a freshly filled pool or at first visible signs or algae. Thereafter apply maintenance dose once every 2 weeks.
