

**DANGER  
PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
KEEP OUT OF REACH OF CHILDREN**

**Corrosive.** Causes eye and skin damage. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and gloves when handling.

**STATEMENT OF PRACTICAL TREATMENT  
(FIRST AID)**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; if if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately

**.NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

~~Maximum safe exposure to this product is as oxygen and respiratory distress breathing apparatus or mechanically assisted breathing.~~

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA

**STORAGE AND DISPOSAL**

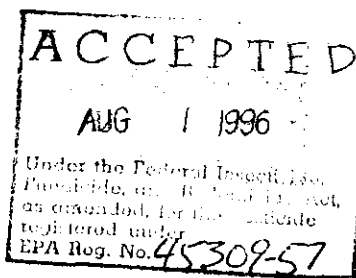

- Do not contaminate water food or feed by storage or disposal.
- Open dumping is prohibited.
- Do not reuse empty container.

**PESTICIDE DISPOSAL**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL**

Triple rinse (or equivalent) and dispose in an incinerator or landfill approved for pesticide container.

**AQUA CLEAR  
WINTER ALGAECIDE  
10**

**CONTROLS GROWTH OF ALGAE  
IN SWIMMING POOLS**

**ACTIVE INGREDIENT:**

Alkyl (50% C<sub>14</sub>, 40% C<sub>12</sub>, 10% C<sub>18</sub>)  
Dimethyl Benzyl Ammonium Chlorides.....10%

**INERT INGREDIENTS:**.....90%

**Keep out of reach of  
children**

**DANGER**

**See side panel for additional  
precautionary statements.**

**NET CONTENTS: ONE QUART (946ml)**

**WINTER ALGAECIDE-10**

- Is the efficient and economical way to improve the appearance and cleanliness of your pool.
- Requires no special equipment for treating water.
- May be added directly to the pool or to the water circulating equipment.
- may be stored for prolonged periods of time without losing its effectiveness.

**DIRECTIONS FOR USE**

**Use only as directed**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Aqua Clear Winter Algaecide-10 is effective in controlling the growth of the following types of algae: Chlorella pyreoidosa (green algae), Phormidium inundatum (blue-green algae) and Phormidium retzii.

For best results, pool water should be free of algae before adding Aqua Clear Winter Algaecide-10. The filter should be circulating the pool water when adding algaecide. Allow the filter to run for at least six (6) hours after adding algaecide ...during this period, swimmers should not be allowed in the pool. Add Aqua Clear Winter Algaecide-10 directly to the pool by pouring around the entire inside perimeter of pool.

**Winter Application:** Add Aqua Clear Winter Algaecide-10 at the rate of (1) gallon of Aqua Clear Winter-10 Algaecide per 25,000 gallons of pool water (2 ppm active ingredient). If algae are visible, use four (4) gallons of algaecide per 25,000 gallons of pool water (8 ppm active ingredient) followed by cleaning out of dead, settled algae. Then add one (1) gallon of algaecide immediately (2 ppm active ingredient) to prevent further algae growth.

**Continuing Application:** Add one (1) quart of Aqua Clear Summer Algaecide per 25,000 gallons of pool water every three to five days.

**Booster Applications:** Add one (1) gallon of Aqua Clear Summer Algaecide per 25,000 gallons of pool water when bather load is heavy or after prolonged rainfall.
