US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460  <b>NOTICE OF PESTICIDE:</b> <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION <i>(Under the Federal Insecticide, Fungicide,          and Rodenticide Act, as amended)</i>	EPA REGISTRATION NO. 45309-79	DATE OF ISSUANCE JUL 11 1996
	TERM OF ISSUANCE Conditional	
	NAME OF PESTICIDE PRODUCT Aqua Clear Multi Purpose Algaecide	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Aqua Clear Industries, Inc.  
 Box 5430  
 Albany, NY 12205

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration No. 45309-79."
  - b. Within the "Precautionary Statements" section, revise the "First Aid" to read; "Statement of Practical Treatment (First Aid)" on front panel.
3. Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Walter C. Francis  
Acting Product Manager (32)  
Antimicrobial Program Branch  
Registration Division (7505C)

PRECAUTIONARY STATEMENTS  
KEEP OUT OF REACH OF CHILDREN  
**CAUTION**

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Boards or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

**STORAGE INSTRUCTIONS:** Store in original containers and place in locked storage area. Keep from freezing. Do not contaminate water, food or feed by storage and disposal.

**SPILL OR LEAK PROCEDURE:** Small spills may be mopped up or flushed away with water or absorbed on some absorbent material and incinerated.

**PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse empty container (bottle, can, jar). Triple rinse thoroughly before discarding in trash.

**GENERAL:** Consult Federal, State or Local authorities for approved alternative procedures such as limited open burning.

# Multi Purpose Algaecide

**ACTIVE INGREDIENT:**

Poly [oxyethylene (dimethyliminio) ethylene-  
(dimethyliminio) ethylene dichloride] ..... 15.0%  
**INERT INGREDIENTS** ..... 85.0%

This product contains 1.29 lbs. of active ingredient  
per gallon and weighs 8.58 lbs. per gallon

KEEP OUT OF REACH OF CHILDREN  
**CAUTION**

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

**FIRST AID:**

**IF SWALLOWED:**

Drink promptly large quantities of water. Do not induce vomiting. Avoid alcohol. Get medical attention.

**NET CONTENTS: ONE QUART (946 ml)**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Multi Purpose Algaecide is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs and decorative fountains. For maximum effectiveness pools, spas, whirlpools, hot tubs and decorative fountains containing heavy growth of algae should be cleaned prior to using Multi Purpose Algaecide.

For pools having just visible algae growth add an initial dose of 50 to 77 fluid ounces of Multi Purpose Algaecide per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of freshly cleaned and filled pools add initially 27 to 50 fluid ounces of Multi Purpose Algaecide per 10,000 gallons of water. Subsequent additions of 9 to 18 fluid ounces of Multi Purpose Algaecide per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs and decorative fountains having just visible algae growth require an initial dose of 5 to 8 fluid ounces of Multi Purpose Algaecide per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub or decorative fountain, add initially 3 to 5 fluid ounces of Multi Purpose Algaecide per 1,000 gallons of water. Subsequent additions of 1 to 2 fluid ounces of Multi Purpose Algaecide should be made every 5 to 7 days after initial treatment for maintenance.

Multi Purpose Algaecide will prevent the growth of most algae during the off-season winter months when pools are not in use. For pools which have been properly treated during the swimming season and are free of visible algae, add 27 to 43 fluid ounces of algaecide per 10,000 gallons of water. If at the end of swimming season pools have some visible algae growth, add 50 to 77 fluid ounces per 10,000 gallons. It is necessary that a uniform distribution of algaecide throughout the water and the pool be made for maximum effectiveness. If pool is not covered, it may be necessary to repeat the treatment one or more times during the season.

Multi Purpose Algaecide is compatible with those chemicals normally used to treat pools, spas and decorative fountains and is effective at both acid and alkaline pH. Multi Purpose Algaecide can be used in pools, spas, hot tubs and decorative fountains treated with chlorine chemicals and may reduce the amount of these chemicals normally required. However, do not mix Multi Purpose Algaecide with concentrated dry or liquid chlorine products.
